

Volume 25, Number 1 • FEBRUARY 1981

Christmas Party 1980

Our Christmas at Cholla Bay started when Maxine, Mort Staub and I left Phoenix about 1:30 Wednesday, Dec. 17, 1980 in a 1½ ton truck loaded with goodies for our friends at the Bay. We were joined by Mercy and Manny Pantoja (Santa Claus), who were driving my suburban, also loaded. We arrived at Cholla about 6:30, ready to prepare for an exciting Christmas Party.

Thursday, Maxine and Mercy were at the cabin filling big plastic bags with toys, games and clothing for 46 families and 10 single people who live in Cholla. Meanwhile, Mort, Manny and I were busy transporting the food to the Fish Fry Shack. Wimpy and Jayne had taken 500 lbs. of beans to Ed and Marty Perlmutter the previous weekend and Ed and Marty, Ethel and Frank Heldt, Cora and Don Burwell together with numerous others, I'm sure, had these all sacked-up for us to put in the boxes. Then to their list, which they also were so kind to sack-up for us, we brought 500 lbs. of rice, 1000 lbs. of flour, several bags of powdered milk, which they not only packaged but delivered to the Fish Fry Shack. Due to all this splendid help, on Friday, we were so caught up on the work, that I was able to take Manny, Mercy, and Mort (you guessed it) fishing. Thanks so much!!! Maxine stayed at the cabin in case anyone came by. Good thing too, as Shirley and Pete Peterson arrived from Tucson

with candy stockings, bats and numerous other needed items from the Tucson Chapter. Sorry Ann and Terry Faulkenbury, who helped so much, had the flu and couldn't join us as well as many others. Their presence was felt by their generosity. By 11:00 A.M. on Saturday morning, everything was set to go. Santa arrived with blaring horns and anxious children. As Santa greeted the excited children, the windows to the Fish Fry Shack were open to the familier at Cholla Bay. You should have seen the grinning white teeth from the children and the adults as well. Everything went smoothly except for the few who are always forgotten, but they were taken care of on the spot.

Mort Staub (CANDY MAN) took care of several needy families across the tracks. And through Agustin, we sent candy sacks, food and toys to the poor boys at Rocky Point. Santa gave tickets to all boys and girls he talked to and after he was through, we had drawings for three bicycles.

After this, it was time to invite all our good helpers to our cabin for chili beans, cheese crisps and drinks.

Betty Woodward had sent a message to the orphanage in Sonoita that we would be there shortly after noon on Sunday the 21st, with a Spanish speaking Santa Claus. We arrived in the area around 1:00 P.M. and sent Will and Betty Williams (BANANA BOAT), ahead to see if they were ready for us. We stopped on the road in for Santa to put on his final makeup, and almost before we stopped, Will was on the C.B. saying, "Come on in, they are waiting!!" We learned later that they had been waiting for us since 5:00 A.M. There were between 30 and 40 children ranging in age from one year to "just right". While Santa was talking with them, the rest of us (Will & Betty Williams, Roma and Joe Blunk, Maxine & I, Mercy and Mort), unloaded toys and food.

Santa left as a big hero. How come when we were having so much fun, the big tears were falling so freely?

'Til next Christmas - Happy New Year!

PHOENIX CHAPTER GENERAL MEETING

Marie MacGill

The first meeting of the New Year was a packed house. The 1980 officers finished the old business, then the new officers took over. Looks like another very good year for the Phoenix Chapter.

George Rodgers (OSO) related his experiences of the Christmas Party and introduced Santa and Mrs. Claus.

New President, Paul Schoonover, presented our outgoing president, Chuck Woodward, with a plaque for his fine service for 1980. Joe and Roma Blunk volunteered to take over membership for 1981. With a team like that, how can you miss? I know they will do a fine job. Shirley Hemphill will co-edit the CHATTER. The enthusiasm and super personality of this gal has to be another big plus!

Paul explained the progress of the updating of the radio capabilities at the Bay, specifically the VHF equipment. Look for a more detailed report next month.

Sick Bay chairman, Hilda Erkert was at home ill, so husband Eugen reported the death of Della Mae Wright, wife of Fred Wright, past members of the Club. We all extend our deepest sympathy to Fred and family.

Hilda Erkert has requested that we notify the membership that due to their business obligations, there will be times when you will get their answering machine upon phoning with Sick Bay information. Please leave your name and number and Hilda will get back to you as soon as possible, your cooperation is appreciated.

We were delighted to share the evening with several guests, some long time members and some very new members, as well as some renewing expired memberships. Thanks for coming, we enjoyed having you. Hurry back.

Program for next month, February 11th, according to V.P. Les Ormsby, will be a 20 minute film entitled "Colorado - Portrait of a River". Come join us as we follow the River from its origine all the way to the Gulf of California. The film includes

factual information on the Colorado as it relates to our recreation and to our economy.

Hope to see you all at the next meeting and at the Bay.

TUCSON CHAPTER GENERAL MEETING

Peggy Drake

Our first meeting of the New Year started off with a BANG. Our new president, Lee Reid, suggested we sing "Happy Birthday" to his mother, Shirley Reid and to Peggy Drake, as they both were celebrating their birthdays that evening.

We were pleased to welcome our guests, Harold Wietzel and Mr. & Mrs. DeShirlia. It sure was great to see some of the old-timers. Jane Hunziker, Pete Scott, Sr., Ray and Ursula Gray, John & Evie Appleyard, Oscar & Sally Newman, Rose Humphreys, Lou Frazier from Phoenix, and also some youngsters, Dam and Debbie Reid.

Those who didn't make it to the Bay for New Years had a chance to buy the new '81 Tide Calendars. We had a great report on the annual New Year's Eve party held at the Hohlenkamps at the Bay. There was a fantastic live band and over a hundred people enjoyed the music, fellowship and the privilege of welcoming in the New Year in Cholla Bay.

The Appleyards had a few words to share with us on a tow-in they participated in during the fog that settled in. We had several interesting stories on a few happenings and a lot of thanks that we were all fortunate that there were no terrible mishaps.

For the members who haven't made the meetings of late, an update of all new officers for the 1981 year is now in the back of the CHATTER. It's going to be a great year - GULP!

Our door prizes were won by Johnni Aherns (tide calendar), and John Appleyard (CBSC Cap).

Don't forget members, our board meeting is January 27th at 845 South Camino Seco. Then the general meeting will be February 4th at the Moos Lodge. Johnni Aherns is promising a lot of interesting programs and Debbie Reid has volunteered to provide some working Spanish vocabulary to be printed in the CHATTER.

We have sent a card to Ruth Heime who is recuperating from a car accident and we hope this finds Wayne DeVore doing much better and hopefully out of the hospital.

Johnni and Ed Aherns' daughter, Sally Stimpson and her husband Ron from Ponca City, Oklahoma, brought a special Christmas present of their grandchildren, Michael 1 and Brenda 10, home for the holiday and guess what? They elected to spend as much as possible of the time in Cholla. They had a great time with Michael out-fishing Grandpa off Sandy Beach and Sally showing Mom a new way to find crabs out in the Bay. It seems like when you see a large lump in the sand, you uproot it with your sneaker-covered toe and Viola! Let's all get to Cholla and try our luck.

See ya'll!

HAPPENINGS AT PELICAN POINT

Marie MacGill

Wonders will never cease. As I have said before, don't be surprised at anything that happens at Cholla Bay and the Sea of Cortez.

On Friday, January 2nd, we had an unusually heavy fog and this time it didn't burn off with the rising sun but continued to roll in from the South throughout the day. Some said it was as thick as cotton candy. This gave everyone a weird feeling, especially those who were out in boats, as there were absolutely no visible landmarks to guide them into the Bay. NO Black Mountain - NO Cholla Mountain.

We acquired a temporary light house on Pelican Point with the help of Jim Westfall and Eugen Erkert, then thanks to Ralph Barlow and his RAMBLER, we also had a temporary light house in the water off the point as he used his horn to caution other boaters. At one point, with a slight clearing in the fog, 7 boats could be seen just off the Point, waiting to see just where they were. Some boats ended up off Sandy Beach, some at Black Mountain and some stayed out and waited for the fog to lift. I'm sure some would have crashed into Pelican Point, had it not been for these and many other Good Samaritans. THANK YOU! THANK YOU!

I understand that the fishermen on one boat fished while in this situation and caught two large pinto. The fog being what it was, prevented them from knowing their exact location, so it may be a while before they find it again.

After a few hours, things got back to normal and we had a lot of happy people.

The Point was pretty well filled with New Year Celebrants, some lucky enough to spend both Christmas and New Years. Betty Munro was back in the Bay for the holidays and we were pleased at the opportunity to wish her and Art a Happy New Year. Betty said that she had seen the unusual fog conditions before but very seldom and never on a busy holiday. Trudy Murphy

wasn't around because she spent a White Christmas with her grand children in Minneapolis and had a great time in the snow. Some of us couldn't join in the fun because the flu bug had struck or was just leaving, but all in all, the year ended in a great holiday.

Until next time, have a great year.

FESTIVAL of COWBOYS and CLOWNS

On the 8th of November, the City of Puerto Peñasco, with a great deal of help from Beverly Knaak of Cholla Bay, sponsored a carnival to raise funds for the community.

The event took place in the Municipal Gymnasium and those entertainers from North of the Border included champion fiddler - Sol Rudnick, Arnold Wheels and his group of unicyclists, clowns, magicians and stiltwalkers, also Ron Nix with his cowboy shoot-out artists, Lisa Smith - trick roper and ambadress for the Charros of Arizona, the Kachina Kloggers square dance group and probably the most exciting event for the residents of Peñasco, a hot air balloon "MARIAH" owned by Len and Donna Kennelly.

It seems there were only a few people around until the brightly colored "MARIAH" was inflated and became visible from a considerable distance. Then a crowd of about 500 people suddenly appeared.

Although the balloon remained teathered, small groups of very excited residents were thrilled as they were lifted off the ground in the gondola. It is believed that this is the very first time there has ever been a hot air balloon in that area of Mexico.

To show their appreciation, the Community invited all who participated to the Naval Base for dinner and entertainment by Mariachis. Beverly Knaak received special honor for her efforts in making a great success of this event.

MY GOD IS NO STRANGER

I've never seen God, but I
Know how I feel.
It's people like you who make
Him so real.

My God is no stranger, He's
Friendly and gay,
And He doesn't ask me to
Weep when I pray.

It seems that I pass Him so
Often each day
In the faces of people I meet
On my way.

He's a Star in the Heaven, a
Smile on some face,
A leaf on a tree, or a rose
In a vase.

He's Winter and Autumn,
And Summer and Spring.
In short, God is very real,
A Wonderful thing.

I wish I might meet Him
Much more than I do.
I would, if there were more
People like you.

 ST. GEORGE'S BAY 

Saturday morning...up early and eager to start the voyage to the bay - TOO WINDY -then around 9 a.m. the white caps were gradually blending into one big flat body of water and launching time was set for 1 p.m. This was to be a maiden voyage for Easy Rider III and First Time II, led by Sundancer, escorted by Peso. The cruise to Bird Island took about 1½ hrs and was uneventful except for a small problem of water coming through the bottom of the Easy Rider's hull from a drilled hole the previous owner had neglected to fill after removing some equipment. A sliver of wood from an oar on board solved that problem. Trolled around Bird for a while (nailed some mackerel) and headed for St. George's. The water there was so peaceful and calm. Sundancer picked the moorage and we all tied up, broke out the hors d'oeuvres and libations. All of a sudden a small voice said, "Honey, where is our chest with all the food?" Wimpy turned pale, then every color of the rainbow..he didn't forget the beer, but the grub was at Cholla. Now--everyone at the bay knows Jayne's meals are out of this world and she had planned such goodies for us. Oh well, it was their maiden voyage! We all shared and had more than enough to eat.

The water was so calm we stayed tied together on one anchor all night. Chuck Hoyt was up every hour checking the tide and when it turned, the slap-slap on the boats quit and the silence woke us all up.

Sunday morning, after stretching 4 eggs(borrowed) with some green chiles & tortillas, we fed 9 people (no problem) we got ready to depart. Peso and Easy Rider were to fish at 18 mile reef and First Time at Bird. Sundancer had to head back to Cholla as they had to return to Phoenix that afternoon. As we left the mouth of the bay, it was quite rough and our fearless

leader said it was always rough there and it would smooth out.. Ho-Ho! We couldn't reach Cholla on any radio for a weather report so we kept creeping our way along. Finally del Oro heard us and relayed to Cholla. Off del Oro there was a sand storm blowing out to sea and Chuck, up on his flying bridge, even got sand in his eyes.

That water was so treacherous -especially the last 2 miles approaching Pelican Point, for here the full force of the sea meeting the land and rebounding out to crash into the incoming waves creates a very wicked condition. This is where your craft has to stand the test because as you fall off one breaking swell, your bow is digging into another as the stern is picked up and swung in the opposite direction. Everything on board got flooded and we looked and felt like drowned rats!! Voices from the Cholla radio finally warned us to "stay away from the point" and we could hardly see the point as the waves were so high.

All the boats and crews met the challenge and give thanks and appreciation to Cholla Radio, Agustin and the launchers for their smooth operation of getting the boats out of the water. To add the icing to the cake - First Time fed us all at their cabin Sunday night with all the grub that was left behind. We all relived the weekend again - and the same question was on everyone's lips...When do we do it again?
