## HAPPENINGS AROUND PELICAN POINT

By: Marie MacGill

I think a most pleasant time was had by all at the big Steak Fry on the 10th of November. Nub Moore and Dave Bennett kept the charcoal red and the smoke rolling cooking over 200 steaks. The food that was prepared by the members on the Pot Luck table was something else. It was so good we could have had a feast without the steak. Many good salads, hot dishes and desserts. The evening was perfect to whet your appetite, which helped a lot. I think more fun than the food was getting to say hello and just being together.

The generator and rest rooms had been built, however the plumbing fixtures hadn't been installed. Butch Wilda said it should be ready in about two weeks.

Just as the last steaks were being taken from the grill, Gayle and Jim Savelsberg showed up at the Plaza. They had just gotten off of the train from their Mexican trip that we told you about in last months Chatter. They reported a very fun time, and would you believe this is a very small world. While dining at a restaurant in San Miguel de Allende they discovered that Beverly Knaak of Cholla Bay was also there. They said she is now residing in San Miguel de Allene and has a lovely home there. That is in the State of Guanajuato, Mexico. The Savelsberg's cabin is only a few yards from Beverlys in Cholla Bay. Beverly has put her Cholla Bay home up for sale.

I almost forgot to say that the weather at Cholla was perfect for the Veteran's Day Holiday. It's enough to make a man cry when he leaves..... the fishing wasn't too bad either.

Dr. Bill Hoffman and George Rodgers were there with the Phoenix East Rotary Club, and managed to drop a few lines into the briny blue. On the way to Cholla, they stopped and delivered 60 quilts to the Orphanage in Sonoyta.

Paul and Grace Schoonover, Les and Mary Ormsby were at the Bay with the Power Squadron's annual get together at Cholla for the holiday and also did some fishing.

I am sorry to report that Bob and Mary Gary's daughter injured her shoulder in

an ATC accident on Nov. 11th, and was taken to the hospital in Phoenix for treatment. They were guests of Jack and Sandy Kalmar of Cabin #91.

It was sure good to have Ed and Marty Perlmutter, Butch and Ethel Heldt, Walt and Betty Horton, Stevie Rohr, Cliff and Virgie Burris and all of the rest of you dear friends back at the Bay for the winter.

Butch Heldt would like to thank everyone for their cards and telephone calls, and their concern while he was undergoing tests.

Please may everyone have a Happy Holiday, and don't forget the Christmas party at the Bay.

4. Lard - 1 lb. boxes.
5. Canned vegetables and fruit.
6. Flour.

Please bring any donations, including all canned goods and toys to the CBSC meetings or contact:

Shelly Bock - Tucson - 298-8640

## ¿Que Pasa at Barracho Flats?

By: Ed Perlmutter

Whoopee, we are back in Cholla Bay and what a wonderful feeling it is. This is the first time in years that we have stayed away so long, four months! While happily driving down here, Bucky and Glenda Maud passed us on the highway at Why, so we pulled in at the picnic grounds which isn't far past Why and talked about our summer months. We hadn't seen each other since last June. They had a catastrophe during the summer. While spending a weekend away from their home in Pinetop, a leaky water pipe broke and flooded their newly decorated house.

Many changes had occurred in Cholla since we left. Ralph and Phyllis Smith's house is almost completed. Refrigerators, generator, etc. are being installed. Bucky and Glenda Maud and their neighbor Nancy Moody are in the process of completing their cabins. Dick and Floris Hickman's house is done and they expect to become permanent residents after the first of the year. Butch and Billye Wilda have started to rebuild their cabin, Billye's dad, Bill Stroup, who has also become a permanent resident, is supervising the construction. Bill and Peggy Drake are building a boat house next to their newly built cabin. Lou and Shelly Bock are also remodeling. Bill and Ellen Coughlin sold their half interest in the Roundhouse and bought a cabin next to Bob and Eileen Courtwright and are proud as peacocks. They are doing some work on it and when it's completed they claim it will be their "Dream Cabin" come true. We who already have ours, know what they mean. Much more construction going on, too numerous to mention. Last but not least, the Cantina looks beautiful. Two TV set showing movies in the afternoon and evenings, except weekends. They use VCR tapes and have about 150 Movies. Their antenna dish hasn't arrived yet so they can't get current events, hopefully soon! Texas Joe and Denver John, co-owners of the Cantina advise they still have a lot of remodeling to do, but it all takes time. Their bulletin board is up and is full of news. All this reminds me of the old days when everyone use to go the Cantina upon their arrival in Cholla to see who was here. I can remember going to the Cantina for a look-see and not opening our cabin till the wee hours of the morning. I'm sure most of the old-timers can remember those happy days.

The Halloween Party was held at the Cantina instead of Lou Bock's house due to the construction going on there, it was a huge success. Just about everyone came in costume. Lots of music and dancing. First prize for best costume was won by Ken Barnes, second prize won by Wally Schmerfeld and third prize was won by our policeman's Great Dane dog and you will have to find out from someone else what the prize was. Since it involves me, I stand on my rights of non-disclosure. I've been told that there will be more such partys in the future.

Ken Barnes, with Martine and Bill Stewart as helpers, on Ken's boat the "Que Pasa", went on a rescue mission the other evening. Being in a bit of a hurry, they forgot to take along something to quench their thirst. When they found the boat the first question asked was, did the rescues have any refreshments on board. Receiving a negative answer, Ken then asked if they had an anchor our and was it holding. Getting an affirmative, Ken said "Good, we'll come back for you tomorrow." This statement shook the rescues up a bit. After a good laugh all returned to Cholla safe and sound. BUT THIRSTY!

Until next month

## STEAK FRY A HUGE SUCCESS

The semi-annual Steak Fry was held Saturday, November 10th at the S.G. Brown Plaza in Cholla Bay. Our Super chefs, Nub Moore and Dave Bennett grilled 217 steaks for the crowd. Many, many thanks to all those people who worked so hard to make this a success, to all who brought a side dish, our clean up crew and to Texas Joe for the use of his tables and chairs. Everyone seemed to enjoy it.

The lucky winner of the door prize, a Turco portable gas grill and tank was Connie Torcello.

## CHOLLA BAY RADIO OPERATIONS

The radios operated by the Cholla Bay Sportsmen's Club are essential to providing for effective communication and boating safety in the Puerto Penasco area. It is important that the radios be operated in a manner which meets the needs of our users. Frequently, especially on busy weekends, conversation on our primary frequencies is so heavy as to jeopardize their effective use for handling normal boating operations and ensure safety needs are met.

In the event of an emergency when time is of the essence, the radio is often the only way to "sound the alarm" and obtain needed help. For this reason we ask that you monitor our safety and calling frequencies and use them to make initial contact with your party, then unless your conversation is with Cholla Radio, SWITCH TO ANOTHER CHANNEL FOR CONVERSATION!

Listed below are the channels in use by Cholla Radio:

<u>RADIO TYPE</u>	<u>SAFETY, CALLING &amp; EMERGENCY CHANNELS</u>
CB	3 & 9
VHF Marine	16 & 26
AM Marine	2182

You will note that the safety and calling channels are AM Marine 2182, VHF Marine 16 & 26, and CB channel 3. As in the United States, CB channel 9 is for emergency use and should be used for that purpose only. Channel 9 is monitored by both Cholla Radio and the Mexican agencies.

REMEMBER, it is important that our safety and calling channels remain as clear as possible if we are to handle normal traffic and emergencies effectively. After making your initial contact on a safety and calling channel, switch to another channel for conversation with other than Cholla Radio.

## WET AND DRY

By: Marie MacGill

Dr. Bill Hoffman and daughter Carol Pace finally accomplished a life long ambition this past spring, When Dr. Hoffman with wife Mary Louise, and Carol with her husband Dr. Lee Pace had five exciting days on a small raft that took the four of them and a guide along with four other rafts down the rough rapids of the Yampa River that ran into the Green River and ended at Dinosaur National Monument Park in Utah. The terrain was so rough that four wheel drive vehicles took them to Blue Point Mountain in Colorado where the rafts were launched. The drivers went back and returned in small planes to join the crowd. The tour guides were most gracious, and very informative about the sights of this beautiful country. They also prepared and served all the meals that were very delicious.

The first day out Mary Louise was fully clothed, but got a good soaking and stayed wet all day. On the second day and the rest of the days she found her bathing suit to be more comfortable. The third day out they hit the really rough rapids that gave many thrills, but not one single spill. They slept on the river bank under the stars. They put the sun tan lotion to good use as well as lots of repellent, as the mosquitos were pretty bad. They carried four changes of clothes that were wrapped in layers of plastic in duffle bags, that were also on the raft along with all of the supplies. That made a pretty cozy crowd on a small raft.

On this ninety mile trip they viewed the Cliff Dwellers and Indian Ruins and Petro-cliffs.

Alcohol and beer were prohibited on this trip. After all being tipsy could spell disaster on a small raft. They were told that these rapids were one of the most dangerous in the country.

They all came out unscratched and unbruised, and Mary Louise said that they might do it again. She is hoping to have some slides of this trip and present them at the January meeting.
