### CHOLLA CHAPTER NEWS

by Pat Goodin

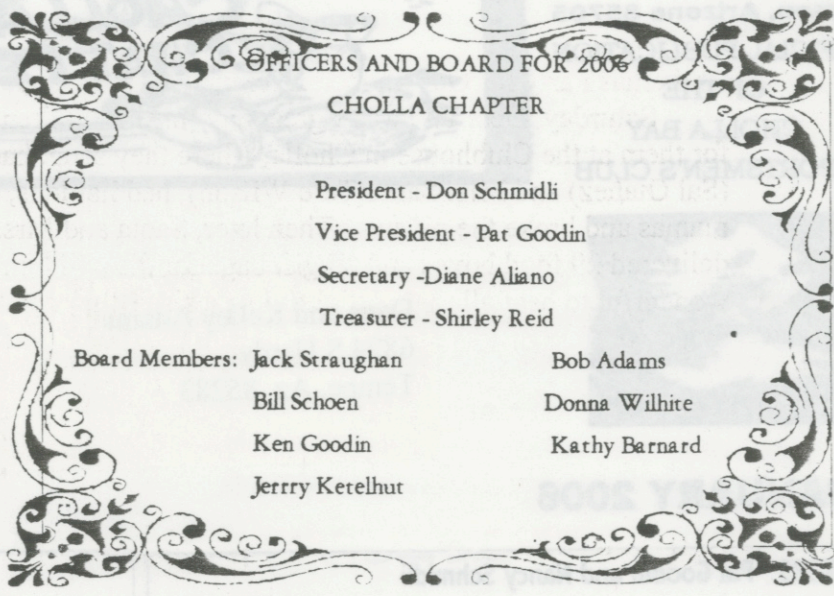

On Saturday, December 3rd there was a delicious dinner at the club house - turkey, ham and the "trimmings". Not many people were in "town" then, but those of us who were here had a great time. Ken cooked the meal, and Nancy made some delicious pumpkin desserts. Thanks to both of you. That morning the board members met and made up the schedule for the months between now and June. See "Upcoming Events". We're trying to have each dinner on a Saturday when we think more people will be here. So, they will be spaced about 2 weeks before or after the OBSC meetings. Most of our working members only come down about every other weekend. The board also reduced the price from \$7.00 for members to \$5.00 for members and \$10.00 for guests. House guests of members will be the same as the member price. Also, we will no longer sell tickets for drinks. Drinks will be free. We're looking forward to having a great 2006.

**A CANDLE**

A candle's but a simple thing  
 It starts with just a bit of string  
 But dipped and dipped with patient hand  
 It gathers wax upon the strand  
 Until complete and snowy white  
 It gives at last a lovely light  
 Life seems so like that bit of string  
 Each deed we do a simple thing  
 Yet day by day if on life's strand  
 We work with patient heart and hand  
 It gathers joy, makes dark days bright  
 And gives at last a lovely light

### Christmas Party for Our Mexican Neighbors

Saturday, Dec. 17<sup>th</sup> was a great day for the children of Cholla . We had the party for them at the Clubhouse in Cholla, where they sang, had their photos taken with Santa (Sal Otañez) and Mrs. Santa(Tere Wilson), had hotdogs, chose a gift of jewelry for their mamas and broke the piñatas. Then later, Santa and Mrs. Santa and all the delivery Elves delivered 29 food boxes and 85 gift bags for the children to their homes. It is so wonderful to hear all their delightful squeals as they run to meet Santa. And all of this is made possible by lots of help with donations of money, food, toys and gifts, boxing, wrapping, labeling shopping, sorting, serving, stuffing, loading and unloading and cleaning up afterwards, etc., etc., etc. by the following people:

**Let's Go Fishing.....**

News from the launching pad, via Rosario Villa

Fishing has been good. Quite a few nice pintos, red snappers and large trigger fish have been caught. Also, a black-tipped shark and a few black sea bass have been brought in as well. No grouper have been brought in, which is not unusual for this time of year. A search and rescue mission involved a new \$90,000+ boat that had broken down about 20 miles out. There were no fishing boats near by, so Rosario contacted Crazy Charlie, who acquired the permission from Jim Combs, to use Jim's boat to pull the broken down boat to Puerto Peñasco, which Charlie did. Then later, the boat was returned to Cholla Bay. ( Sorry I don't know the owners name.)

Again I would like to commend Dave and Kelley Adams and their co-chairmen, Ramon and Dawn Marie Perez for last year's 50<sup>th</sup> Fishing Derby. They did a great job!

**Membership Application 2006                      Annual Dues \$40**

Membership dues and other activities of the Cholla Bay Sportsmen's Club funded the purchase of radio equipment and supports the maintenance and operation of the Marine VHF Radio (channels 16 & 26) for the Northern Sea of Cortez & CB radio(channel 3) in the Cholla Bay area. The CBSC pays the salary of the radio operator, assists in search and rescue operations and, when necessary, can assist with some arrangements for transportation of critically ill or injured. The CBSC conducts the annual fishing derby, publishes a monthly newsletter and promotes good relations between American visitors and our Mexican neighbors.

### STROKE IDENTIFICATION:

During a BBQ a person stumbled and took a little fall. She assured everyone that she was fine (they offered to call paramedics) and just tripped over a brick because of her new shoes. They got her cleaned up and got her a new plate of food. While she appeared a bit shaken up, she went about enjoying herself the rest of the evening. Her husband called later telling everyone that his wife had been taken to the hospital. At 6:00 PM she passed away. She had suffered a stroke at the BBQ. Had they known how to identify the signs of a stroke, perhaps the woman would be with us today.

It only takes a few minutes to read this:

### RECOGNIZING A STROKE:

Read and Learn!! Sometimes symptoms of a stroke are difficult to identify. Unfortunately, the lack of awareness spells disaster. The stroke victim may suffer brain damage when people nearby fail to recognize the symptoms. Now doctors say a bystander can recognize a stroke by asking three simple questions:

1. Ask the Individual to SMILE.
2. Ask him or her to RAISE BOTH ARMS.
3. Ask the person to SPEAK A SIMPLE SENTENCE (Coherently)...(i.e. "It is sunny out today.) If the person has trouble with any of these tasks, call 911 immediately and describe the symptoms to the dispatcher.

After discovering that a group of non-medical volunteers could identify facial weakness, arm weakness and speech problems, researchers urged the general public to learn the three questions. They presented their conclusions at the American Stroke Association's annual meeting last February. Widespread use of this test could result in prompt diagnosis and treatment of the stroke and prevent brain damage.

Share this with as many people as possible. You could save their lives.
