SOME MEN MARVEL THE CANYON GRAND,

 BUT I'LL PASS THEM BY WITHOUT A SIGH
 FOR JUST A SPOT OF FISHING

THERE'S MONEY MADE IN SWIVEL CHAIRS
 IF IT'S GETTING GOLD YOU'RE WISHING,
 BUT I'LL SWAP THE DOUGH IN MILLIONAIRE'S ROW
 FOR JUST A SPOT OF FISHING

CARDS AND LIQUOR, THE PREACHERS SAY

 BUT I'LL TAKE A CHANCE WITH THE DEVIL'S DANCE
 IF WANTS TO GO FISHING

A GIRL'S GLANCE IS A TEMPTING THING
 BUT BEWARE HER INTUITION
 CAUSE ONCE YOU'RE HOOKED BY A LADY'S LOOK
 THERE AIN'T NO TIME FOR FISHING

AND WHEN I'VE MADE MY FINAL CAST
 I'LL DIE ON ONE CONDITION

PHOENIX CHAPTER GENERAL MEETING

By: Marie MacGill

First of all I want to thank Von Frazier for putting the article in the February Chatter for me while I had a bout with a bug. She is the handy one and greatly appreciated.

The rain sure didn't put a damper on our February 12th meeting, By the crowd that we had. President Marty Martin opened the meeting at 7:30, and after the delicious dinner that most of us had we were ready to get on with the evening.

We want to thank all of you for coming, especially our guests from Mexico, Sr. Conrado Velez, under secretary of Turística, Sr. Rodolfo Gutierrez, attorney in charge of The Bsnk Trust Deeds, Mr. Corrella, Engineer for Puerto Penasco, and Attorney Francisco Manzo of the Tourist Department, and last, but not least Mr. Charlie Salem of Las Conchas who is President of the Las Conchas Home Owners association (Asociacion de Vecinos de Las Conchas, A.C.)

The reports usually made at the meeting were despenced with in order that there be ample time to hear the reports and answers from our Mexican Dignitaries.

We were also pleased to have Pete Peterson and Shirley Peterson, Glen and Doris Davis, Betty Monro and Rayal Taylor and any others from the bay whose names I didn't get.

Charlie Salem said before we can get a Bank Deed Trust that we must forma Mexican Association, that we must stick together if we want to protéct our interests in Mexico. We had better get together and get United. He said it took the people of Las Conchas about eight years to get theirs They needed a Legal Association. Charley said he will give all the assistance that he can if we will ask him,

Ing. Sr. Corolla of Intrim Development said that we will have a number and legal discription of our lots, except those in the Federal Zone; however they will still make their payments.

A partition objecting of Closing Highway 85 was passed amoung us for signature object-such a rediculous act. Charlie said thay wont close it; lets hope not(That is the road through the national Organ Pipe Park.

Rick Smith gave a talk about Arizona Auto Manutory Insurance concerning vehicles licensed in Arizona and garaged in Mexico. Its a mess. More will be told on it later, so I suggest that you have your vehicles insured before crossing the border. I understand there will be an article in the Chatter about the above mentioned.

March 28th there will be a Chili Cook off Fund Raiser at the Fish Fry Shack for Christmas for our Mexican friends.

April 8th a program will be presented on how to catch fish (the big one) in Mexico.

This summer there will be a snorkling program in Cholla Bay for parents and their children.

There will also be a buggy trip to the Crator and Gilispie Dam, I didn' get a date

It was said that the March meeting will feature Marine Electronics, I believe Frank Flynn will host that.

Back to our club members. I want all of you to know what a good feeling it was to have so many of you at the meeting Ed and Barbara Miller hadn't been with us since Ed had his heart attack three years ago. They have been traveling so much that they usually aren't here when there is a meeting. Thats what you can do when you are retired. They both look Great, Its always a pleasure to have Betty Monro with us It was a pleasant surprise having so may of you, Wish you could come each month. I hugged so many of you that I almost broke my hugger. For those I didn't hug, perhaps next time.

Mary Reinert had the Christmas Raffle Ticket that won (you know what)

Door prizes were as follows:

Pat Scalberg	Candy Velentine & Coffee
Ken Watson	Candy Valentine & set ^{mug} Horse shoes
Mary Anne Watson	Two nice large storage chests

Please lets all go to the meeting See you there

Until next time,
Good Health and Happiness and God Bless!

Refrigerator unplugged, health improves

By **LaSHAFTA CUNNINGHAM**
Courier staff writer

TELL CITY, Ind.— Several months after reading a story about an Evansville woman suffering from carbon monoxide poisoning leaking from a Servel gas refrigerator, George and Dorothy Mitchell decided to disconnect their Servel.

The story told of a 76-year-old woman who was hospitalized several times and later diagnosed with carbon monoxide poisoning. The gas had leaked from her Servel refrigerator.

Mitchell said he and his wife had symptoms similar to the woman's — stomach aches, dizziness and a loss of balance at times — but put off unhooking the refrigerator because it "ran so good and never caused one minute of trouble."

Mitchell said the couple's health improved

while they were vacationing in Florida last winter, but worsened when they returned home in April.

Finally in August, Mitchell disconnected the Servel and called a toll-free number given by the U.S. Consumer Product Safety Commission to find out how to dispose of the gas refrigerator.

Since disconnecting the refrigerator, "we both feel that we are healthier," Mitchell said.

Mitchell, 80, said he wasn't sure if their health problems were caused by the refrigerator, but that they disconnected it after finding out that 14 deaths in the U.S. were caused from refrigerator leaks in the past 10 years.

The Consumer Product Safety Commission, last October, declared Servel units made between 1933 and 1957 unsafe and ordered a recall.

The toll-free number set up by the U.S. Consumer Product Safety Commission is 800-782-7431.

Tucson Chapter General Meeting

The meeting of February seemed very friendly and cordial. Our speaker, Dr. Crawford from Kitt Peak, spoke to us on light pollution. The slides were interesting as it showed the wrong and correct type of lighting being used around the world affecting astronomers work.

At this time we would like to thank Sammie Rothrock for the great job she has done in uniting for the Chatter. Her many duties have closed in on her and she requested "Help." Thank You, Sammie!

I will introduce myself as Tere Wilson. "Tere" is short for Teresa in Spanish. I will try to fill in for the other people who have been such great reporters and hope to do as well. No guarantees! As an "ole timer" said to me once, "I have forgotten more than I have learned." That's me now that I have become a legal Senior Citizen.

Bob Rothrock brought the meeting to order. Everyone gave the usual reports. Secretary, Membership, Sick Bay, then the meeting was turned over to our speaker. The Door Prizes were drawn and then the raffle. The Door Prizes ~~were~~ are great. Some hand made lap quilts, two more for next time. David Walker won broom and dust pan and I overheard someone ask David if he was going to ride it home? Pete Peterson gave a progress report on the progress of "Deeds of Trust". Slow Process! The meeting was adjourned and everyone stayed to chat for a bit.

The Peterson's and Wilson's attended the Phoenix Chapter Meeting. The Dignitaries from Puerto Penasco, Sonora State Tourism Dept. Five in all. They spoke in Spanish and then it was translated. They answered questions and were very gracious. A final comment was made to me personally, "We are trying very hard to get matter in progress. Please bear with us and have patience." The process has been slowed by change in officers due to election and holidays. If you have questions Pete Peterson will be giving reports. Have faith in him to keep us posted on the progress. Some PR progress was made with our compadres, they seemed to enjoy the spaghetti.

Notice that not too many names have been mentioned. I'll do better next time. If I look at you with a blank face, its that I recognize the face but, I'm trying to remember the name. Remembering names no too "bueno".

Have you ever seen the cartoon drawing of two buzzards sitting on a dead tree limb? The one buzzard is saying to the other, "Patience my a--! I'm going to eat someone." Well, folks we shouldn't eat anyone, so please be Patient!

So until next time in Mexico--Party! When you get back to the States, attend Meeting!

Speaker: Meteorologist

CHOLLA CHAPTER NEWS

The Cholla Bay Chapter met Tuesday, Feb. 11 at Mr. Amigos Restaurant. We had sixty three people enjoying good food, good company and great music. No one could ask for more.

The bay and surrounding desert have had mucho rain this winter. Every dormant seed is springing into life. The area should be exceptionally beautiful this Spring.

Rain also brings work - Lots of us are discovering leaks we didn't know existed. Lights can be seen flashing in the windows during rainy nights, people mopping up water.

JJ's had their fishing derby last weekend. The wind didn't cooperate part of the time, but 40 boats entered the competition. Over 100 people enjoyed the fish fry. Seven Hundred and Fifty dollars was generated for Charity, Permits, licenses, and the number of fish caught was in compliance with Mexican law. Lucky Chuckie caught the largest fish - a 95 1/2 lb Grouper. That does have a familiar ring.

Not much "Earth Shaking" news except new foundations for more houses. Many will be surprised when they come down to find new neighbors next door - old neighbors selling. Brings to mind the game we used to play - "Fruit basket upset".

Super Grouper had a bit of a problem with some extra hot grease, and one hand was burned very badly. Hopefully, no skin graphs will be needed. I'm sure there are others who need our wishes for good health, but no one has surfaced to our knowledge.

The "South of the Border Singles" (SOBS) group went to the spit for three days. Rumors are that several couples were among the group - could it be that the singles need chaperones?

Remember the yard sale in Cholla on the 30th of May. All donations are accepted. Your trash is some one else's treasure.

NEW AUTO LIABILITY INSURANCE LAW

As you are probably aware, a new auto liability insurance law became effective January 1, 1992. It in essence says you must have liability insurance and you must have an ADOT approved card from your insurance company saying that you meet the minimum insurance requirements. On the surface that seems good, but here seems to be the rub: As I was told, for example, if you cancel your insurance during the time your vehicle is in Mexico, [No sense in keeping American insurance during the time your vehicle is in Mexico, right? WRONG!] The Arizona Motor Vehicle Department will send you a notice that your vehicle license registration will be suspended if you do not activate your insurance within ten?? days. If you do not produce proof of insurance within that period of time, you will be required to obtain an SR-22 when you do reinsure your vehicle. The SR-22 insurance is VERY expensive, it is "High Risk" insurance.

Then, if you cancel your SR-22 insurance for any reason, your driver's license will be suspended.

At the present time, there is no out, - the only thing you can do is keep active liability insurance coverage on ALL vehicles registered in Arizona, no matter where they are, or surrender your vehicle registration.

I suggest we send in the following letter to help get this law changed.

Rick Smith 266-4930

Representative Karen Mills
Chair Financial Institutions and Insurance
House of Representatives
1700 W. Washington
Phoenix, AZ 85007

Dear Ms. Mills:

I am writing to inform you of the problems created by the new Arizona Mandatory Insurance Act effective 1/2/92.

I am a member of a sportsman club with approximately 1500 members. We are very active in Mexico, mostly in the Puerto Penasco, Cholla Bay, areas and own cabins or homes there. Many of us leave vehicles of one type or another at our Mexico homes; these vehicles require a current license registration from our home states, which is mostly Arizona.

The new law requires us to maintain a current Arizona approved insurance to maintain current license. However, this insurance is not recognized by the Mexican government, therefore, we insure them with a Mexican insurance company.

We object to having to pay for insurance from which we do not have any coverage. Therefore, we are asking that the current law be amended to require insurance as before - for the operations of a vehicle, not for the ownership of it.

Thank you,

CHOLLA BAY HOMEOWNERS

"SEEMS LIKE OLD TIMES", that's what the fisherpeople are saying. Phase 1 of the ANGLER OF THE YEAR TOURNAMENT is now history. During this Phase Chuck Blair aboard his "Lucky Chucky" took top honors with his 92 pound grouper. Close runner up was Chuck McDonald with a 88 pound grouper caught on his REEL HOOKER...must have been the day for people named Chuck. Phase 2 of this derby continues on June 21, 22, and 23. Get those rods and reels ready and lets go fishing. Even if you don't fish in the Derby it's worth the trip just to hear the OHHS & AHHS as they tow their catches to the scales and weigh them in. What greater reward can a fisherman or fisherwoman have than to receive praise from their peers. Phase 1 ended with a Fish Fry cooked and served by Joe and Rohda Tighe with assistance from Stevie Rohr and other helpers.

While we are on the subject of fish several people have expressed their disappointment that the Company hasn't been having their pot-luck fish fry every sunday. We apologize but with all the added holidays it has put an added load on our main chef, Ramon Perez Jr. Between running his store, PIOLINS, and maintaining the water truck he is one busy man. March 22 is the next scheduled date so if you are in Cholla on that sun day plan to join us at 6 P.M. at the OBSC.

Joan and Ben Gay now have the Library open Mon. Wed. and Fri. from 8:30 to 11:31 A.M. Joan says she is in need of new material. If you have any books to donate they will be much appreciated. Joan says she can sit just so long in the Library so now she is in the process of organizing an exercise group. Gus Brown has given permission for the use of the lower floor of the OBSC so we won't have to move the equipment back and forth. If you have any such equipment, tapes, etc., dust off the cobwebs and come join the group. Lets be firm about getting firmer.

Hope you have noticed the new road signs leading into Cholla, divided road, speed limit and no littering. We hope this will make your trips to Cholla safer and more enjoyable. We are working on a clean up plan which we will write about in our next monthly letter.

The Company continues to express their thanks to all who have come forward and settled old accounts.

EDITOR'S NOTES
Diane Sturhahn

Sarah McWhorter has volunteered to help me with the advertising for both personal and business ads that go into the Cholla Chatter. This will be a tremendous help and should offset some of the monthly expenses of the Chatter which now runs between \$750 to \$1,000 a month. To help even more, I would like to find two other volunteers, one for the Tucson area and one for the Puerto Penasco area to do the same thing. Call me if you'd like to help.

Mike Hagerty is the co-chairperson for all 4WD trips. If you would like to be put on the list and called when the trips are planned, please call Mike at 831-1298 or complete the notice found elsewhere in this Chatter. These "quickie" trips are thought of, planned and completed in a short period of time so it would be impossible to publish them in the Chatter. If you are interested in these trips, please call one of us to get on the list.

IMPORTANT!

If you change your address, it is important that you contact Von Frazier by mail or phone at:

2214 N. 82nd St.
Scottsdale, AZ 85257

This is the only way you will continue receiving the "Chatter". The U.S. Postal Service will **not** forward or return bulk mail.
