Do You Like to Take Photos?

The club is looking for someone to take photos for the chatter on derby weekends. We need photos of all the fishermen and their great catches so that they may be published in the chatter. We also need someone to photograph the fish fry and awards on June 6th. The club will even furnish the disposable cameras. If you think you could help us out in this matter, please contact Kelley Adams @ (602) 345-0623. Remember if nobody volunteers, there will be no pictures for the chatter... and I know we all love to see the pictures in the chatter.

LEATHERFISH CORRECTION:

Last month in the chatter we printed a picture of a leather bass and said it was a leatherfish. Well, we have been corrected and thought we would pass on the correct information to the readers.

The correct information came from Mike Baltzly and the book *Reef Fishes of the Sea of Cortez*.

Leatherfish (*Epinephelus acanthistius*) are a medium sized grouper. Their official common name in English is "gulf coney", and the common name in Spanish is usually given as "baqueta".

Leatherfish are most closely related to pinto, and slightly more distantly related to grouper and sardinero. You can see this relationship by comparing the large head, chunky body and rounded fins that pinto and leatherfish share with the more streamline shape and square fins of the grouper and sardinero. Depending on age and water depth, the color varies in intensity.

The Gulf coney ranges from Peru, north throughout the Gulf of California and as far north as Puerto Peñasco. This moderately deep-water sea bass is found over patch reefs and sandy bottoms, usually at depths exceeding 150 ft. It is sometimes sold as "red snapper" in Puerto Peñasco fish markets.

**Puerto Peñasco, Mexico
OnLine**

Volunteers Needed

Many volunteers are still needed for the Fish Fry and Fishing Derby Awards on June 6th in Cholla. As most of you know this is a major event and usually the fish fry feeds 1000 plus people. There are lots of things that need to be done, even before the day of the Fish Fry. If you have some free time and would like to help with this event please give Sal Otanez a call at (520) 575-0044. It doesn't matter if you have a half hour or a half day to help... we can find something for you to do, and your help will be greatly appreciated, and besides that it is a lot of fun.

We also need someone to help out Mickey Babbitt selling Fishing Derby T-shirts on derby weekends. Help is especially needed on Memorial Day weekend and on June 6th at the Fish Fry in Cholla. If you can help please talk to Mickey in Cholla or call any of the club officers in the front of the chatter and I'm sure they will get the word to her.

Remember volunteering is fun and it gives you a great sense of satisfaction, and besides that it's a great way to make new friends and it's free!!

Brad and Krystal Moen with Krystal's 4.8 lb. sea trout that she caught surf casting.

PHOENIX CHAPTER

The April meeting of the Phoenix Chapter was held at the Arizona American Italian Club at 7:30 pm. on April 8th. Eighteen members were in attendance. Frank Flynn opened with introductions and a short business meeting.

Phoenix Chapter members are still needed to volunteer for duty at the Memorial weekend Steak Fry. For those of you looking for a valid excuse to go to Mexico, here it is. The club needs you! Come on down and help out. It's lots of fun and good food too!

Looking forward to the derby (which is now in progress), there were discussions about boat permits and fishing licenses. If the Mexican Navy pulls up besides you and you don't have the correct documentation, they are going to do a lot more than ticket you. There have been reports of the Navy over near Bird Island and even closer. If you can't find licensing in Mexico, or would just like to take care of it up here in Phoenix, you can contact Mike @ Anglers & Hunters Travel, (602) 962-1976.

April 10th, 11th, & 12th found some of the Phoenix Chapter at the Outdoor Hunting and Fishing Expo at the Civic Plaza. Volunteers fielded many questions about Mexico, fishing in Mexico and the CBSC. Many chatters were handed out and Frank Flynn spoke to a crowded hall about Cholla and fishing in Cholla. Thanks to all of you who volunteered and the biggest thanks go to Dave and Kelley Adams who organized our participation in the event. Thanks Guys!

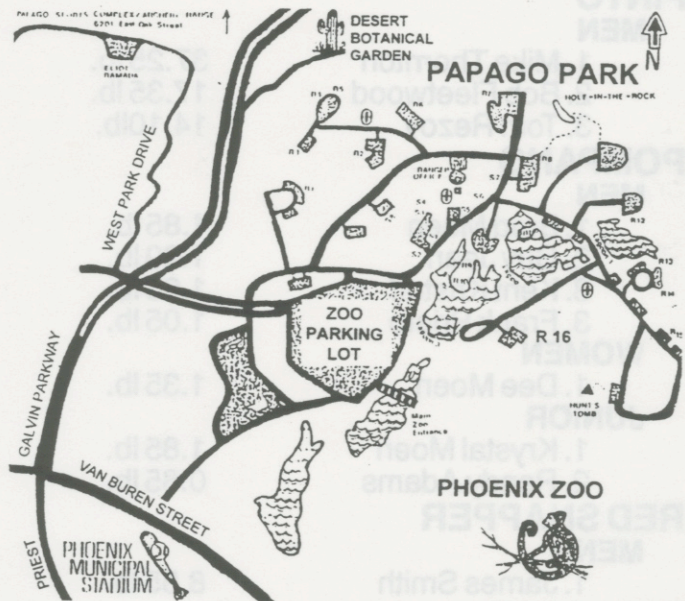

The meeting closed with a raffle, Dee Moen and Randy Scalberg were our winners.

Hope to see you there next time,
K.C.

PHOENIX MAY MEETING AT THE PARK

The Phoenix Chapter's May meeting on Wednesday May 13th, will be a picnic at Papago Park in Phoenix. Last year this meeting was such a big success that we thought it would be fun to do it again. Once again we will be serving hot dogs and Bratwurst along with soda and beer. We ask that you bring a side dish to pass. This meeting will start earlier than usual; around 6:00 pm, so bring the kids and the parents and join the CBSC for an evening at the park. At this meeting we will also be raffling off a handheld GPS, to be given away at this meeting. Tickets will be \$1.00 each for the raffle.

If you've never been to a meeting before or just haven't been in awhile then this the one to go to. If you were at this meeting in the park last year, it will be in the same ramada (R-16). Otherwise check out the map below.

CHOLLA BAY HOMEOWNERS

If April showers are suppose to bring May flowers, wonder what April winds are supposed to bring? We have had lots of winds this past month and coming from all directions. One noticeable feature during these high winds was the lack of blowing debri. Thanks to the 'Trash Patrol' ramroded by Jessie Arvisu the trash has been picked up on a regular basis house to house and from the few remaining bins. The contractors have been asked to clean up all construction material from their jobs. If you are having construction work done please ask your contractor to comply with the clean up campaign. If they fail to do so the obligation falls back on the homeowner.

We have the possibility and the opportunity of getting the road into Cholla Bay paved. This plan is in the beginning stages and we would like to get from you, each homeowner's input on the project. The cost for each homeowner would be \$500 per lot. If the initial fee would be a burden on you the company is willing to work out a payment schedule of \$100 per month for five months. Please turn in your comments into the Cholla Bay office. If you do this in writing be sure to preface your comments with your survey # (the M# and L#) and of course your name.

Exciting news for the economy of Cholla Bay and Peñasco craftsmen. A group of investors recently met with the Governor of the State of Sonora, Armando Lopex Nogales, to announce the start of a new project. The construction of 240 condominiums is planned to begin work in June of this year. This will be a part of the Costa Diamante Development which is already in progress.

All this and fishing derbies too... what more could we ask for.

The management

WHAT ABOUT FISHIN

Well, I am happy to report that the Pinto are showing up in more abundance this year. We were out at ten mile reef, on a little hill top, and got into some really big trigger (4-5 lbs.). Then we started catching pinto along with the trigger and a few good size rock bass. We were using squid and cut rock bass at that time. The cut rock bass seemed to work better, because the larger chunks seemed to allow the pinto to actually get some before the trigger ate it all up. Trigger swarm the bait and are known to steal your bait even before it gets to the bottom. In my experience, this is exactly where you want to be. The pinto seem to reside under dense swarms of triggers.

Try this! I use a Penn 49L (my favorite semi-light rig), rigged with 80 lb. line and a treble hook for this type of fishing. The reel is a fast retrieve and the 80 lb. won't let any size pinto escape. As I mentioned earlier, try cut rock bass for bait. Just make sure the chunks are fairly large so the small bites won't steal your bait. When the pinto bites, he won't nibble, he'll just take it. So hit him hard and get a good hook set. Remember: Do not allow any slack in your line or you are going to end up with an empty hook.

The sea trout are also biting right now. The bite is either very early morning (5 am) or late evening just after sunset. I caught four sea trout in about fifteen minutes one evening. I have also talked with a guy that caught 15 sea trout off Pelican Point. He said he used a Rapala minnow, black on top with silver sides and red bottom.

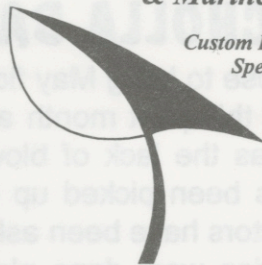

So Good Luck in the Derby and hope you catch Moby!!

Tucson Members

Tucson Chitter Chatter

The April Meeting was called to order by our President, Ken Hartnett. With that a warm and welcome greeting was extended to our newest members Donna & Ted Smith and Tom & Casey Hill. Our membership is growing but there are several who have not renewed and will soon be dropped from the roster. You know who you are, so if you wish to renew, then please send your dues to Shirley Reid ASAP.

Our new sick bay chairman is Carmen Schwartz and we certainly hope you are feeling better!

By the time you read this, the Fishing Derby will be underway. Please mark your calendars for the Steak Fry to be held on Sunday, May 24th and the Fish Fry on Saturday, June 6th. These events are always a lot of fun and it gives everyone the opportunity to meet their neighbors. Happy fishing!

We were sorry to hear that Marion Hotchkiss was robbed. Yes, but it was a four-legged dog who took a five pound steak, three pounds of hamburger and some cheese from the ice chest that was sitting on the porch. I think the dog had been watching too many TV commercials and was really looking for the Miracle Whip.

Warm birthday wishes to the following:

April - Marion Hotchkiss

May - Shirley Peterson, Bev Spencer, Truman Nussbaum and Ray Hayes.

Remember, the Tucson Chapter meetings are held on the second Tuesday of the month at Las Margaritas on Grant Road starting at 6:30 pm. We encourage your participation and besides, we always have a lot of fun, a lot of door prizes and it's a forum to exchange ideas and fish stories. Next meeting is May 12 and I hope to see a lot of you there!

Carla

GO FOR IT!

THIS YEAR THE ALL AROUND FISHERMAN (MOST ACCUMULATED POINTS) WILL RECEIVE A NICE TROPHY AND A COURT'S CUSTOM FISHING ROD MATCHED UP WITH A CUSTOM MADE 6/0 REEL WITH ACCURATE™ ALUMINUM FRAME, SIDE PLATES AND HIGH SPEED GEARS. (A \$700 VALUE)

RODS AND REELS WILL ALSO BE AWARDED TO THE GRAND PRIZE WINNERS IN THE MEN'S, WOMEN'S AND JUNIOR CATAGORY.

1st THRU 3rd PLACE TROPHIES WILL BE AWARDED IN EACH CATAGORIE.

FOR COMPLETE RULES, CHECK THE 43rd ANNUAL FISHING DERBY HANDBOOK.

Raffle Prizes

Donations of raffle prizes are still needed for the Fishing Derby Raffle drawing during the fish fry & awards on June 6th. If you, your company or anyone you know would like to donate to the Fishing Derby Raffle it would be greatly appreciated. We already have some great prizes but we still need more. If you can help please call Kelley @ (602) 345-0623.

DAYLIGHT SAVINGS

DAYLIGHT SAVINGS TIME IS IN EFFECT IN THE PUERTO PEÑASCO AREA AS OF APRIL 5th 1998.

THE SCALES FOR THE DERBY WILL CLOSE AT 6:00PM LOCAL TIME (5:00PM ARIZONA TIME) PLEASE MAKE A NOTE OF THIS. WATCH YOUR RETURN TIME, SO AS NOT TO BE BACK TOO LATE WITH YOUR CATCH.

Cholla Chapter Chitter Chatter

Dear Readers,

The Cholla Chapter held their April 14th meeting on the patio in front of Broasted Chicken. Sunset Cantina provided the bar. We had 106 members and guest in attendance.

As most of our business was conducted at the board meeting earlier, the meeting part of the evening was short.

At last, we have a Derby Chairman. His name is Frank Hogan. He isn't a member yet, but plans to join soon.

Sick Bay (Bev 3-6469) reported, that get well cards were sent to Glenda Maud, Elmer Slavey and Wally Schmerfeld. Also thanks to some members, we found out that we had not extended our sympathies to the families of Bud Allison, Wylene Florence, Tom Tinervin, William Troxell, and Richard Loken. These families do have our deepest sympathies, and we regret that they had to wait this long to receive them. Please call Bev if you hear of something we need to know about.

Nancy Schmidli (Membership) reported that we now have 183 paid memberships. Remember dues are due January 1st., but it is never to late to pay up or join!

Guest for the evening were Marty Burns, Chuck & Debbie Benish, Jim & Gary Reed, Gordon & Marlena StClair, John Upchurch, Jim Roberto, and Jackie Morgan's granddaughter, Briana. Also joining us from Tucson Chapter were Chuck & Joan Dernberger. Welcome to one and all!

A big THANK YOU to Rocky Garden Restaurant, Gloria's Beauty Salon, The Pink Cadillac Diner, Old Port Deli, The Rocky Point Times, Villa Las Palmas, Sunset Cantina, The Smokehouse, Bob & Donna Blair, Bill & Mary McCartney, Char & Elmer Slavey, and to Ships Store for donating door and raffle prizes. We had lots of lucky (I wasn't one of them) winners!

The May meeting will be our annual Luau. This will be held at the home of Evelyn Fought... so put on your mumu or grass skirt and join us. Happy Hour starts at 5:00.

Hope everyone stays well. Please stay in touch, and we will see you soon.

L.D.

P.S. Volunteering doesn't hurt much. Please try it!

STEAK FRY

Time for the annual CBSC Steak Fry. This year the steak fry will be held on Sunday, May 24th, 5:00 pm. at the fry shack in Cholla Bay.

The steak dinner will be a complete dinner, but you will need to bring your own beverages and silverware. The cost of this great steak dinner is only \$7.50 with proceeds going to help support the Radio Room and the CBSC. Tickets can be purchased at your chapter meeting or during the fishing derby. Remember, there are a very limited number of tickets available, so don't wait until the last minute to purchase your tickets.

Volunteers are still needed to help out at the steak fry.

In Memory of PHEBE HOHLSTEIN

My wife Phebe and I have had a house in Cholla since 1973. Phebe was an avid fisherwoman and won many Derby trophies. The ocean and Cholla Bay were always her first love. Her last trip was to Cholla where we spent many hours recalling the many good times we had there. Many tears were shed because we knew it was our last trip there together.

I hope to continue to go to Cholla and to remain active in club affairs.

-Dr. Walt Hohlstein "El Toro"

CHOLLA FISH CHOWDER

2 lbs. fish
(Grouper or Pinto are best but almost any fish will do)
2 large cans of whole tomatoes (chopped)
1 large white onion-chopped
1 large bell pepper-chopped
2 stalks of celery-chopped
4 medium potatoes-cubed
2 qts. of fish stock (made from boiling the bones in water)
2 Tbs. Tabasco
4 bay leaves
2 Tbs. white wine
1/4 cup lemon juice
1 Tbs. parsley
olive oil
1 Tbs. Worcestershire sauce

In a large pot sauté onions, pepper and celery in olive oil until tender. Add fish stock, tomatoes, potatoes, Worcestershire sauce, Tabasco and bay leaves, and bring to boil. Boil until potatoes are tender but not mushy. Add fish, return to a slow simmer, and stir until the fish is flaky and evenly distributed throughout the chowder. Add the white wine, cover, and slowly simmer for 5 minutes. Stir in the lemon juice and parsley 5 minutes before serving.

Kickoff Breakfast

On Saturday April 18th the club served up a great breakfast out at the Fry Shack in Cholla Bay. Ken Hartnett, Jerry Kitchens and Chuck & Joanni Dernberger served up eggs, sausage, beans, tortillas, coffee and juice to about 70 people for a couple hours until they ran out of food. The price of the breakfast was a great deal at only three bucks. It seems like this was a success... is there a chance for another one in the future? Thanks to everyone who helped and participated.

You Know You're in Arizona When...

You've signed so many petitions to recall governors that you can't remember the name of the incumbent.

You notice your car overheating before you drive it.

You can say Hohokam and people don't think you're laughing funny.

You no longer associate bridges (or rivers) with water.

You see more irrigation water on the street than there is in the Salt River.

You know a swamp cooler is not a happy hour drink.

You can say 115 degrees without fainting.

You can be in the snow, then drive for an hour and it will be over 100 degrees.

You have to go to a fake beach for some fake waves.

You discover, in July, that it only takes two fingers to drive your car.

You can make sun tea instantly.

You run your air conditioner in the middle of winter so you can use your fireplace.

You notice the best parking place is determined by shade instead of distance.

It's noon in July, kids are on summer vacation, and not one person is moving on the streets.

You actually burn your hand opening the car door.

Sun screen is sold year round, kept at the front of the checkout counter, a formula less than 30 spf is a joke and you wear it just to go to Circle K.

Some fool can market mini-misters for joggers and some other fools will actually buy them.

Hot air balloons can't go up, because the air outside is hotter than the air inside.

No one would dream of putting vinyl upholstery in a car.

You can understand the reason for a town named "Why"

TECH TALK

Antenna Wire

Coax cable is what is used in almost all radio to antenna connections. Coax cable is designed to transfer your radio transmitter's energy to your antenna with as little loss as possible. It is precisely made, with the correct impedance for VHF installations.

There are three basic sizes of coax cable for VHF radio installations: RG-58, RG-8X and RG-8U. As a rule of thumb, use the largest coax you can fit to reduce signal loss. Here is the reason. Almost all VHF radios start with about 25 watts of transmit power. As soon as the signal starts down the coax cable, it begins to lose some strength. This loss is measured in dB. High gain antennas cannot recover this loss energy, but they can focus the remaining energy across the water so you come through with as much punch as possible.

Bigger coax reduces signal loss between the radio and the antenna, which increases the power at the antenna. The chart below shows the effect of using different sizes of coax.

Coax Size vs. Signal Loss in d'

Cable:	20'	40'	60'
RG-58	-1.2	-2.4	-3.6
RG-8X	-0.9	-1.8	-2.7
RG-8U	-0.5	-1.0	-1.6

One of the best ways to reduce your radio's performance is by putting a poor splice in your antenna cable. Splices made without the correct connectors can reduce your transmit power by a factor of ten or more. When it is necessary to splice a coax cable, be sure to use PL-259 connectors and a PL-258 double male connector. This will reduce losses compared to simply soldering or crimping the connectors.

One drawback of connectors is that they can allow water to get into the cable. Water tends to "wick" inside the braided shield on the cable, which quickly corrodes the copper into a green crust. A good way to help prevent this is to apply heat shrink tubing after the connection has been coated with silicon grease.

FISHING LICENSES & BOAT PERMITS

According to the Mexican Fisheries Office in San Diego, the annual sportsmen's fishing license in Mexico has been bumped up from \$27.40 to \$31.25 for this year.

Annual permits for private boats fishing in Mexican waters have also increased from \$22.50 to \$23.80 for boats under 23 feet, and from \$45 to \$47.60 for boats 23 feet to 29' 11".

Licenses and boat permits can at times be hard to find in Mexico. If you have trouble locating these permits in you can contact the Mexican Fisheries Office in San Diego at (619) 233-4324. If you need a license or permit in a hurry you can contact Mike Kannapel at Anglers & Hunters Travel in Mesa, (602) 962-1976, he usually has them on hand. As with any service you can usually expect to pay a handling fee.

CONDOLENCES

The CBSC would like to send its condolences to families of the following members that recently passed away. Joe Floyd "Sundowner", Wylene Florence, and Phebe Holstein. We also send our sympathies to Ellie Coughlin on the loss of her mother.

Radio Use Reminder

With the boating season and fishing derbies coming into full swing, once again, we remind everyone that **channel 26 is for marine use only**, and should not be used for business purposes or idle chatter. Many people are still doing this. It not only ties up the channel, but it causes a lot of annoying clicking of microphones. If you use the radio, please contact your party and then switch to another channel such as 12, 68 or 70. This will help keep channel 26 open for boaters and other marine use.
