EDITOR'S NOTES

Diane Sturhahn

I am still looking for someone who would like to become the new Chatter editor. I will be editing the August and September issues and that will be the end. It would be nice if we had a month or two to work together for a smooth transition period. The job is not a hard one. It takes me 8 hours a month or less to put the Chatter together.

If you are new to the club, it is way to get to know a lot of great folks in a short time. If you have been around for a while, you know you can count on other club members for their support.

Give me a call at home 789-9504 or at work 542-4656, ext. 153 and I would be more than happy to go over the Chatter with you.

A FISH STORY

Let me tell you a story about a BIG FISH!!! - - Did that get your attention???

This is a story about a very quiet, gentle lady who has been hostess to lots of people at their cabin and on their boat for many years.

Like all of us fisher people, she has come to share time after time after a hard day of fishing without a big fish and she watched while other boats unloaded their big fish. I know she was always pleased for those people and was never envious.

There was always a smile and congratulations coming from the lady and her Captain. Times when they would bring in a big fish, there was always that smile but they never bragged.

Now this story really begins:

We have all heard about Wall Land and know about all those big fish he managed so often to bring to shore. Well hold onto your hats. There is now a Gus Brown Reef that produces monsters far beyond the imagination.

It seems you take a heading --- well I don't know what the heading is, but I think you go toward Bird Island but it really isn't near Bird Island, just somewhere South. Now let me try to remember the depth of the water where we might catch one of those things. Guess I don't know that either - truth is I don't know anything about the Reef - just haven't been there. On with the story. It seems on this bright Saturday morning, April 11, 1992 this very gentle lady with friends on board from back East and of course the Captain and a couple of good boat buddies headed out for this special reef.

Every one fished awhile but no one was getting any hits till all of a sudden all heck broke loose and it was all this lady could do to hold on to her pole. What in the world was on the other end of that line? The fight was on. Half hour later and much hard work, Marion Barlow from Rambler III had a 237 lb Black Sea Bass to the top of the water. After the monster was finally tied to the side of the boat and a short rest period everyone got back to fishing; that is except the times that every one looked over the side to look at this beautiful jewel. Soon it was time to head home.

Courtship who was near by decided to help get the big Black on board and since he had more room he was nominated to chauffer the giant to shore. Everyone headed to Cholla.

Once on shore and the monster on the scales, Marion was able to stand close to her catch. Time to say "He is all mine."

This lady and her Captain still didn't brag. The smiles might have been a little broader, but those were two happy people.

Marion had caught the largest fish ever caught by any woman from Cholla Bay.

The didn't sleep much that night, don't think I would have either.

Congratulations Marion, I am proud of you. I know you deserve this one.

Now ladies getting married is very special. Having babies is a beautiful experience, but if you have never dropped a bait down in the blue water, and if you have never caught a big fish - you still haven't lived.

PHOENIX CHAPTER GENERAL MEETING

By: Marie MacGill

The June 10th meeting was opened at 7:45 pm by President Marty Martin.

The Pledge of Allegiance was led by Bill MacGill. We didn't have an up-to-date membership report, but it was about the same as last month's report with a total of 816 members.

When I speak of membership, I'm so sorry to have to say that we have lost our dear little membership chairman Joan Vanover who passed away June 2nd. Her heart and lungs would not go anymore. Our deepest sympathy goes to her husband Paul and family. She will be missed by all.

The Secretary's report was dispensed with. The Treasurer's report was accepted as read.

Arlene Martin of Ship's Store had the usual goodies for sale with lots of Cholla Bay pretty caps in all colors and the nice hot and cold Koosie cups and they were only \$4.00.

Shirley Hemphill of Sick Bay had news about our friend Gabby Gayne. He is in Shadow Mountain Care Center at 11150 N. 92nd St. in Scottsdale, Arizona 85260. I am sure he would like our get well cards, or better yet stop and say hello or give him a call. Gabby our prayers are with you, so please get better. I understand that Helen Elder is still very ill from the vehicle accident she was in at the bay. I don't have the details, but we wish her a speedy recovery.

When I saw Paul Vanover last week he said that after his physical the doctor gave him a clean bill of health except for some minor thing which was very good news to him. We are happy for you Paul.

I talked to Fran Johnson this morning and she said that Dr. Tom Johnson's burns are coming along just fine and he expects to go by to his office for awhile each day next week. You can't keep a good man down when there are so many prayers said for them.

It was nice meeting Ken and Maryanne Watson of KUC Construction. If you need some help you can reach Ken by calling 602-253-1515. They are Licensed and Bonded.

It was nice having Eugene and Hilda Eckert back at our meeting. Hilda said they would try to make the July meeting.

The Fish Fry was a big success and I understand that over 1100 people were served. The fish was delicious and cooked to perfection, and the beans and cold slaw was equally as good.

A great big thanks goes to Sue Kudis and all of you hard working dedicated people that made this affair so very, very nice. THANK YOU !

And the biggest Thanks of all goes to the VASQUEZ Family of VASQUEZ LIQUORS AND VARIETY STORE at Sonoita. They were well represented at the Fish Fry with four generations. It is their generosity and kindness with their Happy Spirits to quench our thirst that makes a party more enjoyable, and as well as your company. THANKS again. Be sure that you stop in and say hello and Thank them for all of their Kindness when you are on your way to Rocky Point.

Please don't forget the summer campout August 6th through the 9th, at Elk's Group Camp site located 20 miles north of Long Valley (Clint Wells) on highway #87 towards Winslow. Be sure and bring your own water. Check your Chatter for more details.

If you didn't read the poem that Thelma Brown put in the June Chatter, please do. Thank you Joan it was beautiful.

Hope you enjoy the "ARIZONA" poem. I don't know who the author is.

Linda Perrotta accepted a nice plaque of outstanding services of 1991 for hubby John when he was president, and John was working as usual and couldn't attend.

Sue Kudis won the Christmas Raffle.

Mary Reinert won a Postage stamp dispenser and a book marker.

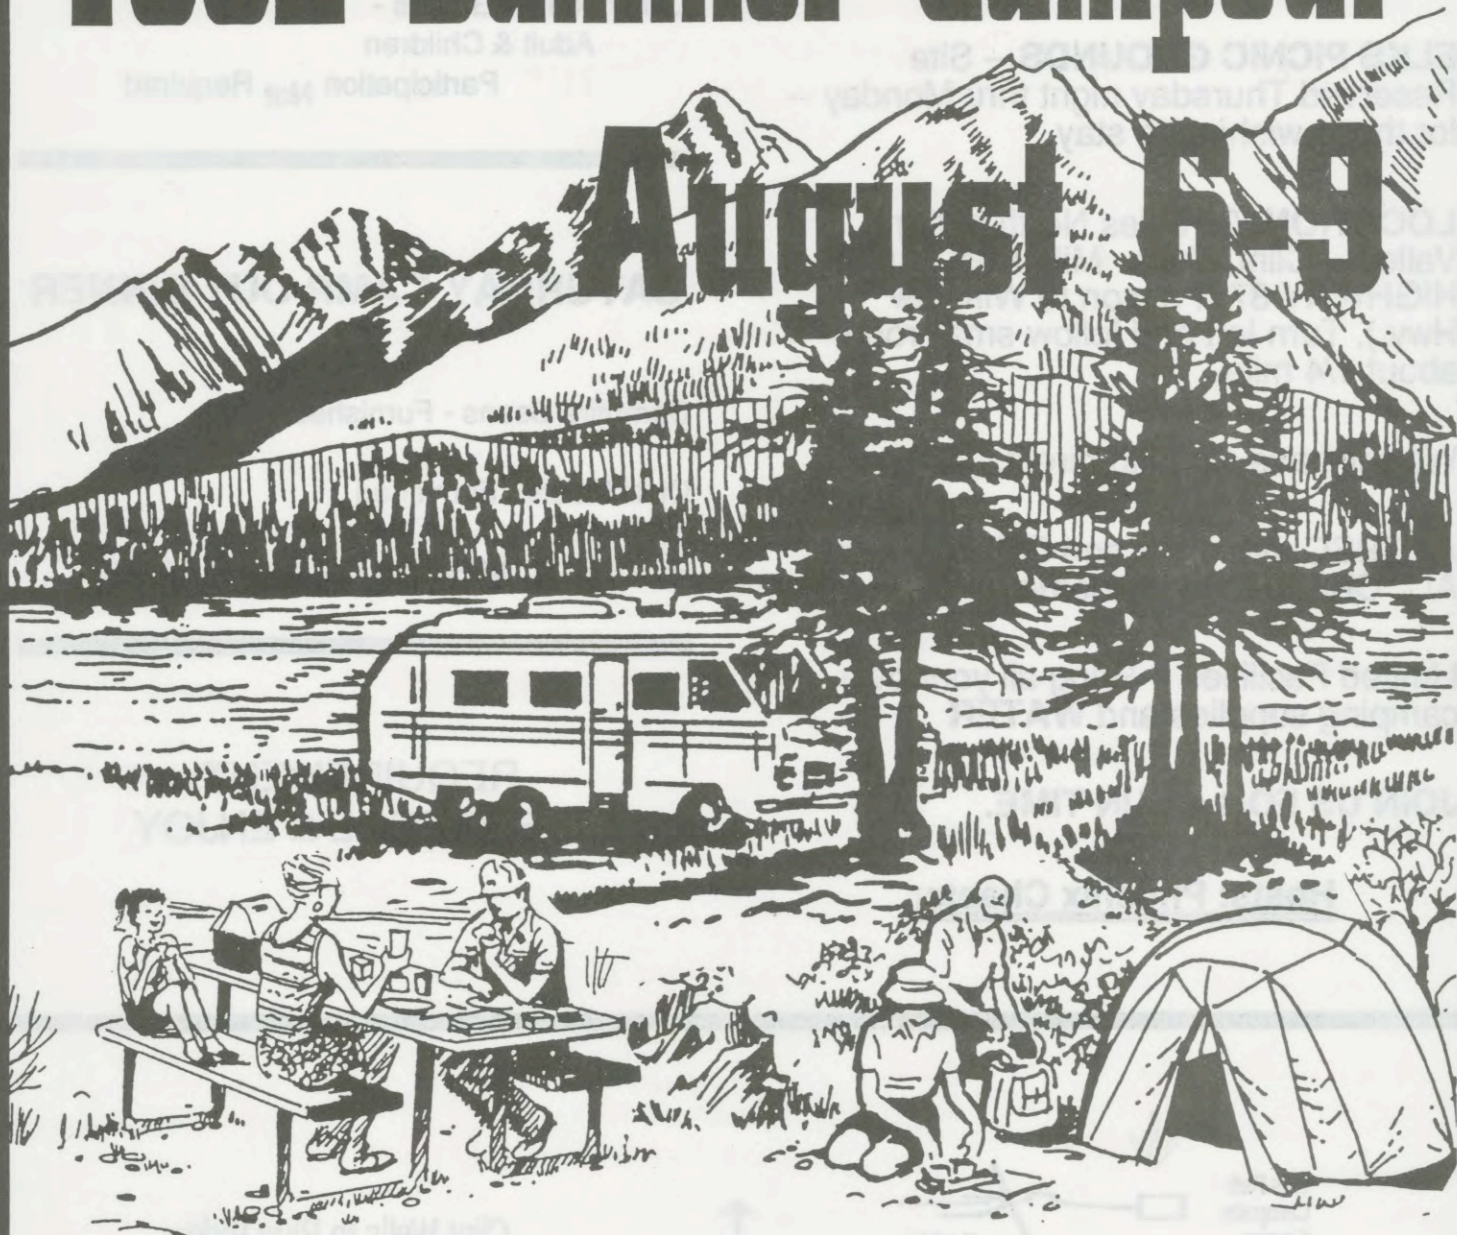

Bob Moran won a Dolphin-Key Chain and book Marker.

Dough Conklin won a sand stone Coaster and a Book Marker.

If I miss you at the July meeting please have a safe and happy summer, and may God hold you in the palm of his hand.

Arizona

The devil wanted a place on earth
Sort of a summer home.
A place to spend his vacation
Whenever he wanted to roam.

So he picked out Arizona
A place both wretched and rough.
Where the climate was to his liking,
And the cowboys hardened and tough.

He dried up the streams in the canyons
And ordered no rain to fall.
He dried up the lakes in the valleys.
Then baked and scorched it all.

Then over his barren desert
He transplanted shrubs from hell.
The cactus, thistle and prickly pear.
The climate suited them well.

Now, the home was much to his liking,
But animal life, he had none.
So he created crawling creatures.
That all mankind would shun.

First he made the Rattlesnake
With its forked poisonous tongue.
Taught it to strike and rattle
And how to swallow its young.

Then he made Scorpions and Lizards
And the ugly old Horned Toad.
He placed spiders of every description
Under rocks by the side of the road.

Then he ordered the sun to shine hotter.
Hotter and hotter still
Until even the cactus wilted.
And the old Horned Toad looked ill.

Then he gazed on his earthly kingdom
As any creator would.
He chuckled a little up his sleeve
And admitted that it was good.

T'was summer now and Satan lay,
By a prickly pear to rest.
The sweat rolled off his swarthy brow.
So he took off his coat and vest.

"By golly," he finally panted,
"I did my job too well, I'm going
Back where I cam from
Arizona is hotter than Hell."

DERBY NEWS

Just a few lines to say that in spite of management the 37th ANNUAL FISHING DERBY was a howling success! The wind in Cholla Bay was also howling and blowing for 4 out of the 9 fishing days. But some big fish were caught: a 100½ lb grouper caught by Chuck McDonald, Jr. that won Men's Super Jackpot and Men's Grand Prize; Vickie Griffin caught a 72 lb grouper to win Women's Grand Prize; and a 63½ lb grouper caught by Brett Bottesch won the Junior Grand Prize. Irma Brown won the Women's Super Jackpot with a 5 lb 5 oz skipjack.

Close to 450 boats were launched - very little trouble and no tow-ins. The launchers did their usual great job of getting the boats in and out of the water as fast as possible. And thanks to Agustin Leon for so capably handling the radios.

The actual running of the Derby was handled by several folks from the Phoenix and Cholla Bay Chapters, a real group effort, thanks to Roy and Shirley Haenfler, Joe Blunk and grandson Danny, Don Schmidli, Lou and Von Frazier, Marge and Jim Dumas, Noel and Clive Jordan, Ginger Sinanovic, Bill Reid, myself and spouse.

Betty Horton, the good trouper that she is, set up Ship's Store for the Derby. She and her helpers sold all the T-shirts, shorts and hats.

BIG THANKS to Fish Fry Super Chairwoman Sue Kudis. The fish dinners were consumed by 1120 hungry fishermen, friends, relatives and Club members; and were prepared by approximately 25 hard working people who battered fish (and each other), fried the fish, made coleslaw (Shirley Peterson's forte), cooked beans and efficiently served two loooong lines. It was nice to see some young people joining in - like Jenny and Mike O'Callaghan. Mucho thanks to Pete Peterson for setting up the sound system. A great big thank you to Ken Watson for making our new fry baskets; and mucho gracias to all the fishermen and women who donated all that delicious fish. Herman Court gets a special thank you for again donating his custom made fishing rods as prizes. Our

appreciation and thanks to the businesses who donated prizes.

Our CBSC Council Chairman, Clive Jordan did a great job as MC of the awards presentation.

Connie Norsworthy and Sally Newman led the mixologist crew. We want to thank the Vasquez Family for donating the liquor for the good drinks - 17½ gallons each of rum and tequila. We are fortunate to have the friendship of these generous people who take the time and effort to do this each year.

And we want to thank the Tecate Distributor for the tables and chairs and their share of the beer.

It takes a lot of people to put on this event. Many, many volunteers and cooperation are necessary for a successful Derby. Sorry we don't have everyone's name to personally thank - but you know who you are and so does everyone who saw you working. To all of you - a million thanks.

To Whom It May Concern:

As the winter months are behind us and all the events of the season are history we can now look back as we take drink in hand, look for a favorite spot, lounge in the balmy breezes and thanks to all who have worked so hard! Job well done!

Our last meeting of the season was small. We missed some of the regulars but welcome the new. We understand that many are enjoying some time down at the Bay. Gotta take advantage of this great weather we are having.

Jimmy Stewart, weather man for Ch. 4 was another interesting speaker. He held everyone's attention and answered many questions. He seemed to be quite a pleasant personality no truths about predicting the weather. Hal Bob R. inserted a bit of intellectual data about the Earth's warming process. If the North Pole's ice cap started to melt, it would raise the sea level of the oceans in the world. Shirley Reid and I decided that would put some of our cabins on federal land. (Just a joke folks, just a joke)

Anyway---Meeting was called to order by our "presidente" B. R.. Reports were made. Door prizes were drawn. Jimmy S. drew the door prize and won himself a flashlight and batteries. Dean and Hilda Tozzi won the other two prizes. The meeting was adjourned and we spent some time discussing the events of the Bay. Check the Chatter for coming events of summer.

Tucson's next big event will be a picnic at Reid Park in Sept. to open the new season. Hope to see all of you there. Ramada West Side-Sept. 20th. Keep that week-end open for us. All of you 186 members. Welcome to some new members: Stanley and Virginia Miller, Harold Jones, Richard Goedel, Paul and Jenny Wilson.

Who were the Tucson members helping at the Fish Fry? Don and Alice Christian, Bob and Sammie Rothrock, Alan and Shirley Peterson. Some member from Benson was working but, I did not catch name. Sammie was quite endearing until we discovered she was leaving her body imprints on whomever she encountered. Fish batter!

Understand that Joan Dernberger had surgery. Hope all is well with you J. and God speed to better health. Well, folks, In order to get this in for deadline, yours truly is usually running out the door to go somewhere. This time its off to Vegas. So until Sept. Have a good summer, have fun, be patient, and be happy!

Some words of wisdom: "One of the most dangerous forms of human error is forgetting what one is trying to achieve."
GOOD LUCK TO US --AND TO OUR MEXICAN FRIENDS

Tere

Both

ANNUAL FISH FRY

I would like to thank everyone who helped serve over 1,100 people at the Fish Fry this year. Thanks to the Perottas, Coughlins and Clive Jordan for hauling the "stuff" to the Bay. Marty Martin had new baskets made for the fryers which were sorely needed. The guys were apprehensive at first, but you know how we don't give in to change easily! Clive delivered the fish to the building from the secret location....only secret from me, as I didn't know where it was...I was fortunate enough to buy more fish from Travis as the wind did affect the amount donated, thanks Trav.....

Helpers showed up early to help defrost the fish, set up the building, and of course, tap into the first keg! Tecate generously met me keg for keg on the beer.

There were new faces in the building this year.....that's good because sooner or later this WILL be turned over to someone else! Thanks to our experienced cole slaw mixer, Shirley Peterson, to Pete for the sound system, and Sammy (when she finally showed up), for mixing and giving lessons on the fine art of battering the fish. I actually got to try that this year! Al and Wanda Lee were there all day lending a hand wherever needed. Sally Neuman and a crew served numerous glasses of kool-aid to the little ones.

Thank you to the Vasquez family for their generosity and great drinks. They certainly are a tradition at the fry we sincerely appreciate.

Ramon Perez did a lot of "honey dos" for me the week before the event. I just gave him his list and it was a done deal....thank you very much. Susan Baldwin had a "princess job" of serving drinks to the crew and was assisted by Pat Scalburg.

I know there are many people that deserve thanks, please don't feel slighted if I don't mention you by name.....this cannot be pulled off without the generosity of peoples' time and it's nice to know that we can pull together to provide a successful fry for everyone.

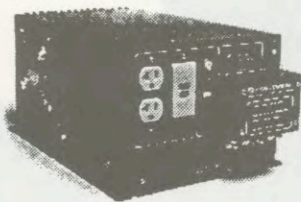

Thank you again!

Sue

IMPORTANT ANNOUNCEMENT FOR CHOLLA BAY RESIDENTS

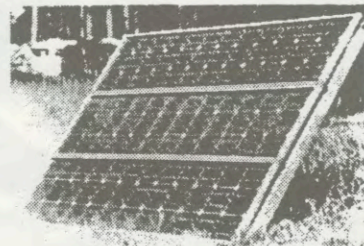

Ultra-Efficient Home Inverter

*Finally, A special Inverter For
The Remote Home Market*
