With Thanksgiving so near - turkeys will be on sale and we'll need about 36 this year for our Mexican neighbors in Cholla as we pack the food and toy boxes for the Christmas Party to be scheduled for December 15, or the 22nd. You were so responsive and generous last year with the turkeys, other food and toys. Mayonnaise, peanut butter, pasta, jelly/jam, macaroni & cheese, Top Ramen soup, and coffee are items we'll be needing. If you'd like to buy a toy/toys for the children the following are still needed:

This party is the result of the efforts of the many generous folks who provide food, toys, money donations, and physical help. Nancy Schmidli and Sandy Moore have been coordinating this effort for the past few years. This year, however, it will be necessary for Dell and Sandy to spend most of their time in the Phoenix area so Nancy will be needing your help with the coordinating. As much or as little of your time and efforts will be appreciated. Please e-mail or call Nancy to let her know that you are willing to help. There are many facets to the whole endeavor and every bit of help will make a difference. Nancy's cabin in Cholla Bay is above Tucson Beach (name near gate). Her e-mail address is stuffie@prodigy.net.mx and her phone number is 011-52-638-25036. Please bring the food items either to Nancy and Don's house or to the Fry Shack. There are freezers available in the Fry Shack for the turkeys so start bringing them any time now. You are appreciated - thank you, in advance.

Yesterday, Sat. Oct. 20, we made and served over 200 chicken-salad sandwiches to about 100 people at Esperanza de Vida. Usually there are about 200 people there, and Connie was surprised there were so few. But it didn't matter, because each got at least two sandwiches and some of the moms took some home, which they love to do. I'll tell you, it's better to have too much than too little. A **great big thanks** to those who made this possible by donating and helping to make and serve:

Adriana Adams, Yvonne Arnett, Pat and Ken Goodin, Faye Juarez, Steve and Pat Lee, Wendell and Debbie Lolling, Gerry Nelson, Frankie Palmer, Shirley Reed, Cruz and Nancy Rocha, Bill and Kathy Schoen and John and Donna Wilhite. I couldn't have done it without each and everyone of you. (Hope I didn't leave anyone out. If I did, let me know.) We, the CBSC, does this once a month. For November 17th, we are going to serve a type of goulash; hamburger, pasta and tomatoes. If you can donate one or more of these items it would be great. You can either bring it to my house in Cholla or take it to the Fry Shack and put it in the freezer, if it is meat, or let me know and I can pick it up from your house. We will be putting this together starting about noon on Sat. the 17th at the Fry Shack if you want to help with that, and will be going out to serve it about 4:00 p.m., if you want to help with that. It is really lots of fun and very rewarding.

I will be gone for a couple of weeks, so I won't be able to take donations here, but if you have something and the Fry Shack isn't open, you can take it to Donna Wilhite. She lives just before you get to Pinto Point area. You can e-mail me at dsaz@mindspring.com or call 480-812-9167 in Chandler. We will be back by the 5th of Nov. Thanks !!! Nancy S.

Important Notice: As of the 1st part of November, CBSC will have a web page. All of you who have a computer, please check it out. Notices and reminders and other information will be posted there. Go to:

QUE PASA EN CHOLLA

On Saturday, Oct. 20th the CBSC will make and take chicken salad sandwiches to Esperanza de Vida, the Sunday School classes started by Connie White in one of the poorer parts of Rocky Point. We need enough sandwiches for 220 people because the classes keep growing. We had an article in the chatter last year about "Mama Connie" and Esperanza de Vida. Also, there have been articles in the Rocky Point times. Anyway, I thought it would be a good idea for CBSC to provide the refreshments for this once a month Oct. thru May. I've had great response, not only from members of Cholla Chapter, but also from Phoenix and Tucson Chapters. We really enjoy doing this. I have lots of helpers. For the month of Nov. we will be serving goulash; hamburger, pasta and tomato mixture. If you can bring down any one of those three items between now and Nov. 16th it will be greatly appreciated. Just bring it to me or let me know and I will pick it up or you can take it to the Fry Shack if it is open. Please leave a note if you do this so I'll know who brought it.

Some of you may not know, each Sunday, Oct. through June, English speaking, non-denominational Church services are held at Playa Elegante Trailer Park. Services begin at 9:00 a.m. Roger Harmon, Cholla Chapter, conducts the service and gives the sermon. The collection goes to Casa Hogar, Esperanza de Vida, and other needy "causes". Hope to see you there!!

Do you play bridge or would like to play bridge? We have a very "relaxed" group in Cholla who play bridge once a week. As of this writing, we haven't gotten organized for the season, so I can't tell you where or which day we will be playing. If you are interested, please contact Schmidli, 6-382-5036 or Mickey Babbitt, 6-382-5048.

A few of us have been doing some very amateur snorkeling off Tucson beach and would like to maybe try some snorkeling around Pinto Pt. area. If you are interested in doing this with us contact me, Nancy Schmidli. We usually snorkel only during the very low tides. It's good exercise and a lot of fun.

We also have birthday dinners the first Mon. or Tues. of each month at the Cholla Cafe. The notices and sign up sheet is posted at the Cafe. Uh oh, I forgot to check the date for Nov. but I think it is the 6th. Check at the Cafe or with Pat Goodin. Either will be able to tell you. Everyone is welcome but you do need to sign up a few days in advance.

We also will be starting to have the Saturday evening Happy Hour at the Fry Shack. We have these on week-

CHOLLA CHAPTER NEWS

Sorry that nothing got in for last month's "Chatter" Of course, we really didn't have any news since no one was here in Cholla Bay or Rocky Point, but I did try to get an article in, and it was quite lengthy, with a lot of gibberish, since, like I said, I had now news. But now, we are back in Cholla Bay, and we have had our first "Back To Town" meeting, so have a little bit to write about.

First, our October meeting was on October 9th, and was at The Paraiso Del Desierto in Rocky Point. Thanks to our President, Phil Gobin he secured the place for us while others of us were up in "cool country" in Show Low, Lakeside, Pinetop, etc. I really enjoy the summer, 'cause I don't have articles to write, and all that stuff I do while I'm here in Cholla Bay. I call it "my vacation" and I do a lot of yard sale-ing, thrift shop shopping, and just doing nothing. However, I'm getting off the track, as I'm now back in my "work mode". Anyway, we had about 40 people at our meeting, which was pretty nice, because there aren't a lot of people back here yet. We were happy to see Gene and Carol Court of the Phoenix Chapter with us for our meeting, and all of our regular members who were in town at the time. The food was good, the service great, and we all had a good time.

Our November meeting will be November 13th - remember - 2nd Tuesday of each month - and will be at JR's Restaurant. Usual times - 4:00 is Board Meeting, 5:00 Happy Hour and about 6:00 for dinner and meeting. Then, December will be held in Cholla at the Club House. We'll have more information about that in the next issue of the Chatter.

We don't have a place designated yet for our January meeting but will have one - remember - 2nd Tuesday of the month, and we'll let you know where. ALSO - in ADDITION - to the regular meeting in January, we are planning to have a Saturday get together - THIS IS IN ADDITION TO OUR REGULAR MEETING!! - And it will be at the club house. We want to have our members who work and can not attend our regular monthly meetings join us. So, mark it on your calendar now - JANUARY 19TH - More information on this in the next issue, too. This will be more of a social event, and probably a pot luck, and we want to extend the invitation to members of the other chapters as well. So, MARK IT ON YOUR CALENDARS NOW!! January 19th - Special meeting/social for CBSC members.

We were sorry to hear of the death of one of our members - Frank Mills - but I don't have any details at this time. He was, however, a Cholla Bay Resident, and a member of the CBSC.

At the time I'm writing this article, it is exactly one month since the attacks on our WTC, the Pentagon and the other crash in Pennsylvania. Most of us are still in shock at the terrible things that have happened. We all pray that we will find all the terrorists and get rid of them, but we all know it's going to take a long time for all this. So now, God Bless America, and God Bless us all, including our friends here in Mexico.

"Where We Were on September 11th, and Our Thoughts"

FROM WIZ & VILMA WISWALL:

We were driving from Kentucky to Indiana early in the morning when we heard on the radio that a plane had crashed on one of the World Trade Towers. Since then we were glued to the television at every motel we stayed at on the road and the news on the radio. While in Saratoga Area we saw all the homes with the American flags and one home had a sign saying "Go Get Them George". We thought it was nice. We know we will get them, for after all "we are the United States of America".

FROM CLIVE AND NOEL JORDAN

I (Noel) was in the shower at 6:00 a.m. I came out at 6:15 and Clive was glued to the TV and said they just ran a jet plane into the WTC. Then another plan, which we saw, slammed into the 2nd WTC building, then the buildings collapsed.

FROM DON AND NANCY SCHMIDLI

We were in Colorado at the time - A TOTAL SHOCK!!. God Bless America and Mexico.

FROM BRUCE AND JANE BEIDLER

We were home in Show Low, Arizona and turned on our TV in the morning and were hysterical at the tragedy. Our son had just started with American Airlines - however, was furloughed. He will fly an air ambulance out of Carlsbad for a while. Can't believe the Arabs took our planes to bomb our World Trade Center and Pentagon building. My best friend's birthday was September 11th.

FROM JD WALKER, AGE 12
(grandson of Dave and Diane Bennett)

On September 11, 2001, I was getting ready for school, and watching TV. It was saying how horrible things were happening at the Twin Towers. I called my mom an work to tell her about it. I was afraid to leave my house and go to school, but my mom said it was OK. The attack was scary.

FROM KEN AND PAT GOODIN
(Nolehace)

We were at our RV in Show Low, Arizona and had a phone call that morning from Dave Bennett. He and Diane were in Show Low for about a week while looking for a place to buy. When I answered the phone, he asked if I had the TV news on, and I said I didn't. He told me that terrorists had taken over some of our planes and flown them into the WTC, and the Pentagon and that another one crashed in rural Pennsylvania. Dian's parents live about 30 miles from where

FROM JOHN AND ARLENE STEVENSON

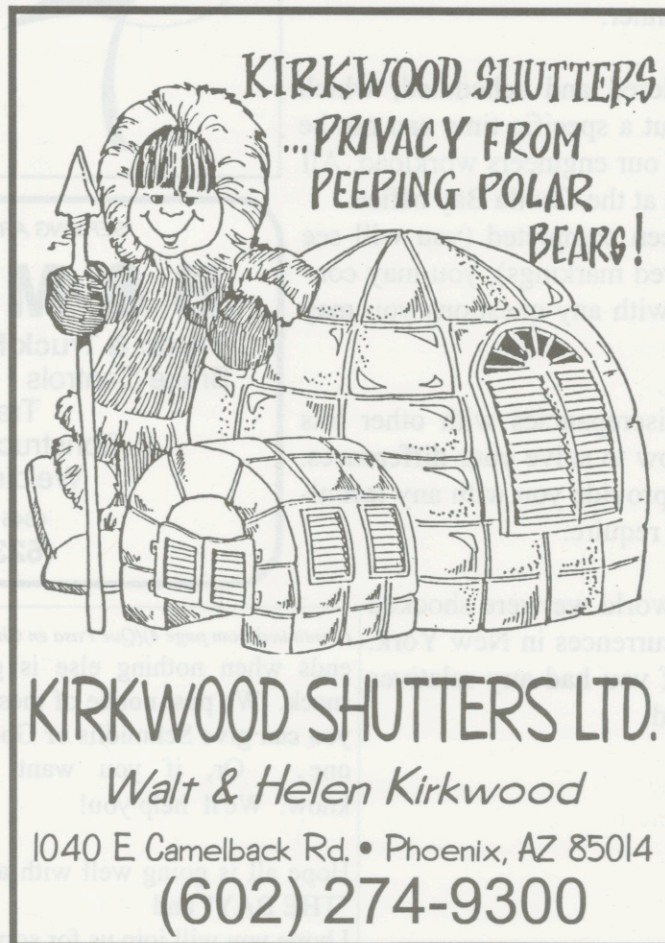

We were returning to Tarremolinas from Morocco on a ferry. There were 17 in our group from Cholla/Rocky Point. We were having fun taking pictures of the Rock of Gibraltar. The captain asked if we were Americans. We said "Yes" and he told us the news. Needless to say, we were stunned. CNN had full 24 hour coverage and so we

were glued to the TV. We still had 15 days in Spain. People would approach us and tell us how sorry they were and each evening at Happy Hour we would sing "God Bless America" and "America" One gal managed to buy an American flag and we all gathered around as we sang.

FROM GLENDA MAUD
(Tinker bell)

I was on a ferry boat looking at the Rock of Gibraltar. The captain came out and asked if we were Americans, then told us our country had just had a terrible disaster. He had few details at that time. We were on our return to Spain after a night in Tangiers. It definitely made you think about where you were!! However, everyone could not have been more supportive of us and our country. Good to arrive back in the U.S. God Bless American in these times ahead.

PROMOTORA TURISTICA PLAYA ESCONDIDA
S.A. DE C.V. CHOLLA BAY HOMEOWNERS

Here we are into October which means the summer time mountaineers will be returning to their Ocean side homes, sweeping out a little sand, and ready for the fun and games to begin. We are all anxious to welcome them back and join in these activities.

Some of you will be happy to find you may have a new neighbor because the sale of lots and homes has continued throughout the summer. There are so many first class accommodations in this area that tourism has continued to flow even in July and August.

Alejandra Murillo in the Costa Diamante office, 383-5790, reports she has over 40 completed bank trusts in her office waiting to be picked up. You can also check at the Cholla Bay office, 383-5050, to see if your name is on the present list. Alejandra said another group of trusts should be on her desk within another month.

Regarding property boundary situations they should be handled in the following manner.

1. A survey must be ordered and scheduled, which could take 7-10 days, but a specific time can not be guaranteed. Because of our engineers workload. All surveys must be ordered at the Cholla Bay office.
2. Once the survey has been completed (you will see rebar's with bright colored markings), you may contact one of our offices with any questions you may have.

If you continue to have discrepancies with other lots please consult with us as how to solve your differences. Our offices are required to provide you with any technical documentation you may require.

Along with the rest of the world we were shocked to hear about the tragic occurrences in New York. We sincerely hope none of you had any relatives or friends that were involved.

President Bush, our leader

This was the same man who came within a hair's breadth of losing an election in November, who withstood the political chicanery of the Florida Democratic machine to fix the vote count.

This was the same man who admitted to having a drinking problem in younger years, and whose happy-go-lucky lifestyle led him to mediocre grades in college and an ill-fated oil venture.

This was the same man who mangled syntax even more than his father, and whose speaking missteps became known as "Bushisms." And on Friday, this was the man who bore the weight of the world and the responsibilities of a generation with dignity, class, confidence, appropriate solemnity, and even much-needed wit. One thing struck me during the campaign, that difficult, roller-coaster campaign that now seems years ago. It was that George W. Bush never seemed to get ruffled. Whether the theft of a campaign debate video or the sudden (some would say, vicious) release of a DUI arrest two decades ago at a key moment, "W" did not lose his cool. At times, his staff seemed overconfident, as did many of us. A 350-electoral-vote win, they quietly implied . . . and we optimistically believed. Then they counted the votes, miscounted others, and re-counted still others. At the end, he was still there. Whereas Al Gore almost frantically huffed and puffed, trying to gin up something out of nothing,

Bush quietly but confidently waited at his ranch. He didn't do anything: that is the mistake people have constantly made with this man, confusing lack of bluster for absence of action. No, his team of attorneys and the iron-willed James Baker were carrying out his orders, but W stayed in the background, confident and faithful. You see, it is this faith business that confounded everyone. We have had such actors and liars in public office that we have looked skeptically whenever anyone used the term faith. But this was the same man who was the first politician ever in recent memory to name Jesus Christ as the lord of his life on public TV. Not an oblique reference to being "born-again" or having a "life change." He said the un-PC-like phrase, "Jesus Christ," to which his handlers and advisors, no doubt, off stage, were also saying, "Jesus Christ" in a much different tone. God has a way of honoring those who honor Him. David learned that while he was on the run from Saul's armies. Job learned that after his time of horrible tribulation. The Messiah said so Himself, many times. So this was the man who actually put faith into practice. He actually loves those who hate him. It is a staggering concept, so foreign in daily occurrence that few thought it anything but grandstanding. Even one of W's biggest supporters chided the President for adhering to his "new tone." Yet there he was, again and again, thanking the Democrats. Appointing his enemies to high places in his government. Inviting his former foes and their wives to private movie screenings, and (I know, this is hard to stomach) even treating them with dignity. See, this was the man who learned early on how faith worked: by praying for his enemies, you "heap burning coals upon their heads." This was the man who named the absolute top people in national security and defense, then caught barbs from the politically righteous that this one didn't have the right views on abortion or that one didn't have the right position on guns. And on September 11, at mid-morning, this was the man thrust into a position only known by Roosevelt,

Churchill, Lincoln, and Washington. The weight of the world was on his shoulders, and the responsibility of a generation was on his soul. So this same man---the one that the media repeatedly attempted to tarnish with charges of "illegitimacy," and the one whose political opponents desperately sought to stonewall until mid-term elections---walked to his seat at the front of the National Cathedral just three days after the two most impressive symbols of American capitalism and prosperity virtually evaporated, along with, perhaps, thousands of Americans. As he sat down next to his wife, immediately I knew that even if his faith ever faltered, hers

TUCSON CHITTER CHATTER

The time has come for all Tucson CBSC members to get together for monthly meetings. The meetings will continue the second Tuesday of the month at Las Margaritas on E. Speedway, at 7:00 p.m. We gather any time after 6:00 for chit chat and indulge of food and spirits of your choice. It's a fun time and we hope you can join us.

September's meeting found us at Cholla Bay for our annual picnic type of opener. It was different this year in respect to location. The side dishes were pot luck, BYOB was done and the Hosts were the gracious Ken and Anne Hartnett at their lovely Ocean side home which is refrigerated and was most welcome. Yes, it was humid and hot. In addition Anne and Ken donated steaks and chicken.

The steaks and chicken were grilled to a wonderful tender, juicy, tantalizing manner by our President, Sal Otanez. He sweated, and I do mean sweated those babies to perfection. Thank you. Rick, Carmen, Enedina assisted marinating and grilling chicken at home. Excellent. The side dishes were not duplicated and were quite original.

The chatter was full of catch up of the past summer, inquiring of other CBSC members and asking of future developments in our special community. We forgot for a moment of the difficulties our

didn't. I have never seen a more peaceful face than Laura Bush, whose eyes seemed as though they were already gazing at the final outcome . . . not just of this conflict, but of her reward in Heaven itself. In this marriage, you indeed got two for the price of one. Then came the defining moment of our generation. Some people fondly recall their Woodstock days. Others mark with grim sadness November 22, 1963, as the day America lost her innocence. But I firmly believe when the history of this time is written, it will be acknowledged by friend and foe alike that President George W. Bush came of age in that cathedral and lifted a nation off its knees. It wasn't so much his words, though read a decade later, they will indeed be as stirring as any. This conflict would end, he

noted, ". . . at a time of our choosing." It certainly wasn't his emotion. What had to have been one of the most stunning exhibitions of self-control in presidential history, W was able to deliver his remarks without losing either his resolve or his focus, or, more important, his confidence. It was as if God's hand, which had guided him through that sliver-thin election, now rested fully on him. His quiet confidence let our enemies know . . . and believe me, they know that they made a grave miscalculation. Now, this same man who practiced his faith through a tough election, who steeled his convictions even more in a drawn-out Florida battle, and who never once gave in to the temptation to get in the gutter with his foes (well, ok, maybe the "Clymer" comment is an exception), this same man now lifted the weight of the world and the responsibility of a generation and put it on his modest shoulders as though it were another unpleasant duty. As he walked back to his seat, the camera angle was appropriate. He was virtually alone in the scene, alone in that massive place of God, just him and the Lord. But that's the way it's always been in his life recently. In that brief time it took him to return to his seat, I believe he heard words to the effect of, "You can do this, George. I am with you always. And you can do this well, because I am going before you. And don't worry about the weight. I've got it." And I saw in his eyes a quiet acknowledgement. "I know. Thank you, Lord." Back at his seat, when W sat down, George H. W. Bush reached over and took his son's hand. The elder Bush always struck me as a religious man, but not someone who shared his life on a daily basis with the Lord. George H. W. treats the Father like a respected uncle, visiting Him on appropriate holidays and knowing the relationship is real, but not constant. Anyway, I believe that in that fatherly squeeze George H. W. said, "I wish I could do this for you, son, but I can't. You have to do this on your own." W squeezed back and gave him that look of peace that Laura had kept throughout. It said, "I don't have to do it alone, Dad. I've got help." What a blessing to have a professing Christian as President - one who is not ashamed to admit it! Please take a moment after you read this to pray for him - he truly does have the weight of the world on his shoulders. Pray that God will sustain him and give him wisdom and discernment in his decisions. Make no mistake about it - the decisions he makes in the coming days, weeks and months will literally define the future of our country and the free world. Pray for his protection and that of his family. After you have prayed, send this to everyone on your e-mail list. Our President needs Christians around the world to be praying for him. As this makes the e-mail rounds, eventually there could literally be people praying for him 24/7!! He needs it.

country is facing.

Ken Hartnett spoke to us about future plans which are being planned for the playground so all ages can enjoy it. A committee will be formed and recruited from all chapters. Alan Peterson will do research with the town of Penasco on the proposed right of way on the existing playground. Tucson chapter donated \$75.00 towards the renovation of CB playground which is the usual cost of picnic. Coralie May donated \$10.00.

We had guests join us which made the meeting most interesting getting acquainted with them. Hartnett's guests were Jeff Healam, Donald A. Zimprich. Shirley Reids cousin, Coralie May. Bradshaw's guests were Greg and Linda Harkin, Jody and Berry Wood. Hunzinger's daughter Dawn Hunzinger. And Jim Naughton.

We missed many faces and wished they could have joined us.

(Continued from page 5) (from Ken and Pat Goodin)
that one crashed in Pennsylvania, and she was worried and trying to get them on the phone. As we talked, I turned on the TV and as I watched, I was horrified as they showed the planes flying into the towers, then the people running as the towers fell. It was just so utterly horrible that it was hard to believe it had actually happened, but of course we knew that it had. All day it played over and over and it was still just as numbing as it was in the beginning. Although we have many relatives in New York State and in the D.C. area, we were thankful that none were victims of the attacks. May God Bless America! And, God Bless our Mexican friends.

FROM BOB BELK

I was in Payson, Arizona. At 6:30 A.M. heard the breaking news of the WTC being hit by an airliner. Turned on the TV and watched the second aircraft hit the second tower.

(Continued from page 5) (from Glenda Maud - Tinkerbell)
We were at home in Tempe - happened to turn on TV at 7:15 so saw the coverage from early on.

Effect on our family:

Son - Brian Court from Minneapolis area was stranded in Phoenix. Had a wedding he was a groomsman in - Flights cancelled, so we drove him (30 hour trip) so he could be in the wedding. Left We. Evening at 9:30 P.M. and arrived Minneapolis at 5:30 A.M. Wedding that evening at 5:00 P.M.

Daughter - Wendy - stranded in Calgary, Canada where a Canadian family were kind enough to take her in and let her sleep on their couch for 6 days. She finally got back to Mesa on the Monday after the big Tuesday.
